

HOW TO AVOID AN EASTER EMERGENCY!

Every holiday period we are called to help people with urgent problems:

- *Like on Good Friday when that gurgling drain that has been annoying you for weeks decides to block up and overflow into the house.*
- *On Easter Sunday when that fuse that used to trip occasionally suddenly decides it won't reset and you have no power!*
- *Or the tap that had a small drip turns into a torrent on Easter Monday.*

*Problems always seem to happen at the most inconvenient times so call us now on **1300 679 274** to take care of the small repairs - before they become Easter emergencies!*

MR WASHER **PLUMBER & ELECTRICIAN** **TO THE RESCUE®**

Please welcome “Mr Washer”, our super hero mascot.

For over 25 years we have been rescuing Sydneysiders and we thought it was about time we put into words and picture exactly what we do.

Now our name says it all... “Mr Washer Plumber & Electrician To The Rescue”

Don't forget... ‘We're close by, ready to rescue you!’
