Bob Burns Blinds / Canvas & Sunscreen Awnings

Canvas & Sunscreen Awnings

The colour range for outside awnings has improved dramatically and now includes a great range of traditional stripes and contemporary colours. As well as the cotton/polyester canvas with the green backing there are acrylic weaves that show the colours on both sides, giving another alternative.

For those who want to protect against the heat but retain outside views, don't look past our sunscreen fabric range. Made from nylon, sunscreen is a specially woven fabric that reflects the UV rays but will not restrict your view. Available in a similar range of colours and designs as canvas. Sunscreen fabrics will achieve a more modern look on any awning and freshen the look of your home.
