

SUPERDECK

Designed to simplify the handling of materials, particularly on multi-storey construction sites, this revolutionary Preston Hire innovation offers a 'drawer-like' loading platform system which has dramatically increased safety and reduced crane operation time for customers around the world.

INDUSTRY-LEADING LOADING PLATFORM HIRE

SuperDeck™ - The world's leading loading deck system from Preston Hire

Preston Hire's patented retractable crane loading platform system, SuperDeck, has been the preferred choice on construction projects around the world for almost two decades. Designed to simplify the handling of materials, particularly on multi-storey construction sites, this revolutionary Preston Hire innovation offers a 'drawer-like' loading platform system which has dramatically increased safety and reduced crane operation time for customers across the globe.

SuperDeck loading platforms are fitted with fixed safety harness points to allow units to be vertically stacked and rolled in and out as required - as opposed to being staggered in the traditional deck configuration - which increases the efficiency of materials handling by minimising hindrance to crane ropes and loads for faster, safer and more cost-effective crane operation.

Extending from 4.5m to 5.25m out from the side of a building, SuperDecks can be extended or retracted by one person and are rated for a universally safe working load of 5 tonnes. They also offer quicker installation and relocation times of approximately 15 minutes, compared to over one hour for conventional loading decks.

To further assist our customers, Preston Hire also offers installation of our SuperDeck™ product and will liaise with engineering partners to meet any special project requirements.

With over 40 years experience working alongside leading construction industry companies, you can count on Preston Hire to provide the assistance you need to get every project completed safely and efficiently. We understand the pressures faced in construction and provide seamless equipment hire service that simply lets you 'get it done'.

Through our Melbourne, Sydney, Brisbane, Perth and Gold Coast branches, and with alliance partners in Darwin, Adelaide and New Zealand, Preston Hire meets the needs of leading building and construction companies across Australia and over the Tasman.

To hire from our SuperDeck™ loading platform hire range - at super competitive prices - contact Preston Hire today on 1800 440 550.
