Peter Wishart  
Facelift Windows and Doors  
58/148 Chesterville Road  
Cheltenham 3192

Dear Peter

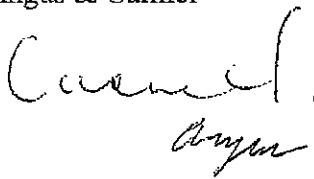

We would like to thank you for the wonderful job you and your team did in replacing our front windows and door. The quality of the workmanship and the windows and door is unbelievable. The house has truly had a Facelift.

From our first contact till the final inspection every one was friendly, professional and easy to do business with. There were even a few things done that weren't in the quote but the builders recognised the house would look better if they fixed these up as well. We thank them for that as well as taking away all the rubbish and leaving the yard clean.

We also liked how, when we were wondering whether the windows and door would be finished in time for Carmel's birthday party, you and your team made an extra effort to have everything finished in time. (From first contact to finishing - less than two weeks.) Everyone at the party noticed them right away and thought they were lovely. Many thought the windows made the rooms look larger.

Again thank you for everything.
