protecting your interests

Established in 1945, Maclarens Lawyers has serviced the legal needs of western Sydney for over 60 years.

Maclarens has developed a strong reputation for excellence in legal practice during that time and the firm is widely recognised in the region. Professional, approachable and accessible, the team at Maclarens understands that you need timely, sound advice and you need it at the right price.

Maclarens offers a complete range of legal services to both corporate and individual clients – from family law, Wills and property, through to business advice and court work. Whatever the issue, our experienced team of lawyers can work with you to reach the best possible solution.

Most importantly, Maclarens is large enough to cope with the demands of commercial clients, yet small enough to maintain close personal service to individual clients.

Why should you use Maclarens Lawyers?

If you need legal advice or representation, you need to consider the factors that make Maclarens Lawyers the right choice.

Local focus

Situated in the heart of Merrylands, close to the Parramatta CBD and relevant courts, Maclarens has the expertise, knowledge and experience to help you, combined with an understanding of local issues.

Expertise available

We offer a wide range of services to clients, covering all aspects of personal and business legal services. Whether you are an individual looking for an accredited specialist in family law, or you work for a business needing help with a commercial dispute or debt recovery, we have the knowledge and expertise to help you.

Accessible and approachable lawyers

At Maclarens we take the time to build strong, lasting client relationships that reflect our commitment to saving you time and money and truly understanding your needs. Our lawyers are readily accessible at all times, they can be contacted easily by telephone, email or in person, and more importantly, they give you simple, straight forward answers in language you can understand!

Value for money

Being a local practice means that we can avoid the large overheads of many city-based firms and we can offer high quality advice at very reasonable rates. A stable, long-standing team of professional staff also means that you are not continually paying for lawyers to become familiar with your needs and your issues.

Modern and progressive approach

Even though we have a long history, at Maclarens we remain committed to keeping up to date with the latest tools and technology that can help us to provide the best possible service to clients. We are also flexible in our approach and can tailor solutions to meet the needs of the individual client, rather than simply following a traditional methodology.

How we can help you

Maclarens Lawyers offers the range of quality advice and representation to local businesses and individuals that would normally be expected from a much larger city firm.
