

## Therm-oz Shower Mixer from \$580\*

### SUPPLIED & INSTALLED

If you have leaking taps, a leak in your shower set in the wall, arthritis or just want a great looking shower tap, here is the answer. By installing one of these mixers it solves all these problems meaning no need for invasive damage to your walls & tiles requiring a tiler to retile with tiles you may no longer be able to find. You can control the temperature of your water with the thermostatic valve & the flow of water with a soft use tap. These features are perfect to ensure that CHILDREN AND THE ELDERLEY ARE KEPT SAFE from being scalded by hot water. The unit comes with a 5 year warranty meaning that you will not need to call us back to repair this tap every couple of years. \* Prices are ex GST. Conditions apply.
