Bluesky Healthcare - Enjoy a better quality of life.

Since 2001, Bluesky Healthcare has been a leading provider of quality and stylish mobility solutions, dedicated to helping Senior Australian's enjoy a better quality of life.

Our extensive range of customisable mobility products are specifically designed and manufactures to help you maintain your independence while at the same time giving you a safer enjoyment of your home

Stairlifts

As part of our ongoing commitment to quality and reliability, Bluesky Healthcare has partnered with world renowned stairlift manufacturer Stannah. Stannah shares Bluesky Healthcare's passion for custom built products, quality above compromise and the pursuit of excellence.

Stannah's range of stylish, comfortable and reliable lifts can be custom made for just about every staircase. With designs suitable for straight indoor staircases, curved indoor staircases and straight outdoor staircases.

With the help of Bluesky Healthcare your home can remain your castle. You can leave your worries behind in the knowledge that a Stannah stairlift is supplied with the safety, security and total peace of mind that only comes from dealing with a company that has installed over 1,000,000 stairlifts worldwide in the last 130 years.

Indoor Straight Stairlifts

A Stannah indoor straight stairlift fits elegantly into your home and with over 130 years of design experience you can be assured of its quality. All Stannah stairlift combine state of the art engineering with the highest possible quality components.

After being tailor made to your staircase by Stannah in its United Kingdom factory, your stairlift will be installed by Bluesky Healthcare technicians who have undertaken extensive training and been given Stannah accreditation. A Stannah stairlift cannot just be installed by anyone.

With light touch hand controls built into the end of the arm rest and 2 remote controls your stairlift will always be ready to use.

For the best advise we suggest having a Stannah trained Bluesky Healthcare consultant visit your home where they can assess your staircase and your specific needs. The consultant can then take you through all the options to build the perfect stairlift for you and your home.

When not in use the chair folds away

When a door is at the bottom of your stairs a hinged rail will remove any obstruction

The swivel seat assures you always gface away from the stairs when getting off the stairlift

Outdoor Straight Stairlifts

A Stannah Outdoor Straight Stairlift offers the perfect solution to handling external staircases. Get from the driveway to the front door or from the backdoor down to the garden with ease.

Engineered to handle all extremes of weather the Stannah Outdoor Straight Stairlift will operate in below zero temperatures, whilst swimming in a torrential downpour or after being baked in a 40 Degree plus sun.

With uncompromised materials used during manufacture the Stainless steel rail, plastic seat and totally sealed drive unit will ensure the reliability of your outdoor stairlift for many years to come.

Made by Stannah in the UK, your stairlift is measured, fitted and maintained by Bluesky Healthcare and will provide the link between your outdoors and your home.

With a locking key control panel the stairlift is safe from unauthorised use

A weather proof cover keeps your chair safe from all weather conditions

Rain, hail or shine the stairlift will operate reliably and safely in all weather conditions

Indoor Curved Stairlifts

A Stannah Indoor Curved Stairlift goes beyond just functional equipment as it fits seamlessly into your home providing an easier lifestyle.

Taking advantage of our unparalleled experience will see the perfect fit of the stairlift to any shape of staircase. A custom made stairlift from Stannah will fit on every step the same distance from the wall and the same height above each and every step. We do not use prefabricated rail sections that will result in uneven rail and compromised ride quality and safety.

Your stairs are unique and only a custom made Stannah Stairlift measured and then fitted by Bluesky Healthcare will sit seamlessly on your stairs and in your home.

The stairlift fits perfectly with your stairs offering uniform shape from top to bottom

The chair folds away quickly and easily. Simply raise the armrest and watch the seat and footrest fold up automatically

Easy to use hand controls are built into the end of the armrests

Safety

All Stannah Stairlifts are fitted with 5 safety sensors that will bring the chair to a gentle halt at the first sign of an obstruction.

All Stannah Stairlifts are fitted with swivel chairs to ensure you always get off the chair facing away from the staircase.

All Stannah Stairlifts are fitted with one touch chair folding, just raise the armrest and the seat and the footrest will fold away for storage automatically.

All Stannah Stairlifts are fitted with an easy to use joystick control that has a removeable key to stop unauthorised use.

Options

Chair Swivel

Choose from manual, 1 way automatic or 2 way automatic

Service and experience you can trust

Bluesky Healthcare strength is our staff. No matter your requirements, our friendly and caring healthcare consultants have the experience and knowledge to help design the right product for your comfort and health needs based on our unique 10-point healthcare assessment.

A sight survey is conducted and all factors relevant to the stairlifts usage and installation are considered before a professional quote is prepared. Your staircase is expertly measured in every conceivable dimension and then digitally photographed with datum markers so the Stannah engineers can design a perfectly fitting stairlift for your staircase. Before production commences on any curved stairlift you will provided with an architectural CAD drawing to approve and make alterations to if you so wish.

Servicing and Warranty

All Stannah Stairlifts installed by Bluesky Healthcare are done so with a comprehensive 5 year warranty. Annual service of the unit though not compulsory is strongly advised to ensure your stairlift continues to operate perfectly.
