

A woman with long dark hair, wearing a black long-sleeved dress, stands in a shower. She is barefoot and has her arms raised. Water is spraying all around her, creating a dynamic and artistic scene. The background is dark, and the water droplets are illuminated, creating a sparkling effect.

NX SHOWERS

LET FREEDOM RAIN

Introducing NX, the new luxury showers collection from the award-winning design team at Phoenix. Realise the true freedom of showering when you experience NX.

Refined by design, NX was created with a focus on the essential elements of showering. With three unique and exquisite collections, there is something to suit all sensibilities, while also delivering equally invigorating and calming shower experiences. The NX Showers are backed by a lifetime warranty, which is a testament to their design and engineering quality.

You, the user, are at the centre of all design decisions. Whether a lasting escape, time lost in thought, or no time to think at all, you will find yourself immersed in an effortless cleansing.

Now, just step in and let freedom rain.

108-7810-60 Toi Wall Basin Mixer Set

THE DESIGNERS

With a reputation for impeccable design, the award-winning NX team worked tirelessly to create products that make choosing the right shower easy.

The NX showers deliver unique and exceptional coverage, while remaining water efficient and deeply in tune with the Phoenix aesthetic. The three-word mantra of our in-house design team is 'refined, sophisticated and innovative' which has led to our presence on the world stage of international design awards and now, brings NX to you.

QUIL

Distilled to its fundamental elements with refined surfacing and thoughtful design, Quil affords any bathroom a sense of simple and stylish elegance. Providing a dense droplet-like experience, the shower becomes something to be savoured. While its sophisticated nozzles give the water a spa-like sensation, our commitment to water efficiency remains.

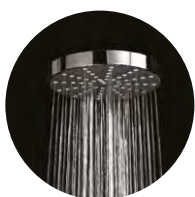

VIVE

The Vive range is intensely modernist in its design approach, offering a collection that will fuse seamlessly with any modern interior, especially those wanting to push the limits beyond trend. The sophisticated nozzle design delivers a streamlined and invigorating showering experience despite its economical use of water.
