SOPHIE PEARCEY

Jayco Vanbassador

The very best of europe

Jayco utilise the most state-of-the-art commercial vehicles from Europe as the starting point for our campervan conversions.

The Renault Master provides a cost-effective platform which sets the standard for practicality with style. The Fiat Ducato's "Born to be a motorhome" reputation has been further enhanced with the introduction

of the new 9 speed full automatic gearbox. Thanks to more than 20 years of innovation the Mercedes Sprinter is the benchmark in safety, comfort and reliability. Regardless of which campervan you choose, you can rest assured that they are all covered by a factory-backed warranty and roadside-assist program.
