'Just a short note to thank Transcorp's assistance in moving us..... they worked tirelessly to get it all done in the one day.' - Nathan Buckley

Dear Pina,

Thank you for sending through that invoice so quickly. Please pass on my sincerest regards again to John for arranging my pickup so quickly - within half an hour the boys were in Richmond to pick up my stuff. After being left in the lurch by the other company, Transcorp came to my rescue!

You guys clearly care about people's needs... and this will mean your company will go along way. I will absolutely be recommending you to anyone I know that needs their personal belongings moved locally, or interstate.

Many thanks again to you and your company to coming to my urgent aide again. I was praying for a miracle... seriously.... and you guys were it!

Best wishes

Anna Abignano

P.s. You can put this onto the web site if you like.

Dear John

I wanted to make a point of sending an email to commend one of your staff members, Pina.

About 6 weeks ago she organized for some things to be collected from my mother's house in country Victoria and brought up to Sydney.

I had telephoned many companies wanting a quick delivery at a reasonable price. Not only was Transcorp able to come through on both counts, your staff member, Pina, was wonderful.

She was very friendly, professional, and efficient. The pick up was scheduled for the following day and the delivery occurred the day after that. I couldn't have asked for better!

Thank you again.

Sincere regards
Fergus Anderson - A very satisfied customer!

PS Let it also be known that the driver, Mario, also did a great job!

Hi John,

This is to tell you how pleased I was with the service I received from Transcorp Australia when moving my household furniture from Canberra to Melbourne last month. The two chaps who packed my belongings into the truck were very friendly, careful and efficient. My furniture arrived in Melbourne without delay.

It was good to deal with a company that could do the move on the day that I wanted it done and at a reasonable price. The booking was easily arranged and scheduled.

I would recommend Transcorp Australia to others who are moving interstate.

Yours sincerely,
Janis Floyd

Dear John and crew,

I want to extend a big Thank You for the excellent work you provided when my parents were moving houses within Melbourne. Not only were you able to, with very short notice, arrange a fantastic crew you also personally assisted with the move. The move itself was done with the utmost professionalism, great care and with a speed that had to be seen to be believed. Having a professional removalist like Transcorp taking care of the move made all the difference.

I can highly recommend Transcorp Australia to anyone who is looking for a full service home removalist.

Best regards,

Dear John,

This is a just a note to thank you and your team at Transcorp for moving my family and I to our new residence in Melbourne CBD last week. As a former Senior Trade Commissioner with the Australian Government I have had to "move" quite a few times in my career as a professional diplomat...nationally and internationally...so I've had some experience of "movers". I just wanted to let you know that you and your team matched the best I have seen anywhere...punctual, fast, efficient, experienced, careful, cost effective are words that spring to mind in describing your performance.

Most of all, you and your team were happy and pleasant people...which in my experience means that people at Transcorp like what they do, and take pride in doing it well.

Thanks again for a job well done. I shall certainly recommend Transcorp to anyone requiring all of the above.

Kind regards

John Hennebry

Melbourne Removalists

Hello. This is in regards to a move that was conducted on the 14th of February, 2012 with the reference number 71221. Please accept my apologies in not emailing earlier but I have been seriously ill.

We would like to express our gratitude and appreciation for providing the most outstanding removalists on the day, (their names being Shane, Lam and Manoli). They made our move extremely stress free!!

They were hard working and effecient professionals that were VERY careful with our furniture and we were amazed how they managed to pack that truck to the max! You assured us that we were being provided with the best skilled team of removalsists and they need to be highly commended! Shane shone through as a great leader in his spatial skills in packing the truck and Lam /Manoli were amazing in problem solving ways how to fit furniture through tight spaces. AMAZING!

I believe they should be provided with this feedback and a reward as such, perhaps a bonus as a suggestion. Could you please make sure they receive a big pat on their back!!

We would have no hesitation in recommending and using your company again, especially this team of outstanding men!

Thank you Shane, Lam and Manoli - keep up the great work you do!

Kind regards,

Marina and David Piedrafita

Hi Stefanie, just wanted to drop you a note to say thank you so very much for your help in coordinating our move last week. My parents are in their 80s and this was such a big deal and much stress for them in the idea of it all. However thanks to you and the wonderful team James, Michael and Carmel who were outstanding in their work and nothing was too much trouble to them I now have happy parents who hopefully wont be moving again! many thanks and kind regards

Interstate Removalists Review

Hello Lee-Anne,
I would really like to thank you and the company you work for. Our move went so smoothly considering you organized it all with a days notice. The men at this end were really kind and helpfull when putting the furniture in place, and one went even as far as to spare 5 mins to help me rebuild the baby swing so i could get some peace. I will reccommend you in future to anyone moving. My husband will also be referring you on to the company he works for, for future moves with staff. Once again thank you so much.
Kind Regards
Amber Smith
