## The portable Airway Resuscitation Kit

***In an emergency situation, the portable  
Airway Resuscitation Kit is indispensable.***

It is a great reassurance for Doctors to have a complete kit with a variety of devices on hand, when patients require ventilation/respiratory support in a crisis.

✓ A great range of devices ✓ Lightweight satchel ✓ Ready for use

### Kit Contains:

- Two Yeescopes
- Endotracheal tubes (cuffed)
- Intubating Stylet
- Laryngeal mask airways
- Cuff syringe
- Oropharyngeal airways
- Resuscitation bag
- Face masks
- Scalpel handle and blade
- Water soluble lubricant
- Power free latex gloves
- Adhesive tape
- Linen tie
