

COLORBOND® STEEL GUTTERING

GUTTERS, FASCIA AND DOWNPIPES

Colorbond®

Gutters

GUTTERS, FASCIA AND DOWNPIPES go hand in hand with a roof. They have an important job to do. Not only do they add character to your home, they can also help protect your home from storm water damage. Guttering, fascia and downpipes made from genuine COLORBOND® steel have been developed by rigorous testing in the Australian climate.

We understand you are building for your family's future. As well as being beautiful to look at, you can be confident knowing COLORBOND® steel is versatile, lightweight, durable and capable of meeting the changing needs of your lifestyle. Whether you live inland or close to the coast COLORBOND® steel can meet the needs that your home demands¹.

Perfect MATCH

THE COLORBOND® STEEL RANGE OF DESIGNER COLOURS offers a classic and contemporary palette to enhance the beauty of every home style. Where better to look for inspiration than in Australia's own magnificent backyard. From our mountains to the outback, from creek beds to beaches, COLORBOND® steel captures the light and energy that makes Australia's colours so unique. You'll find 22 colour choices to create the ideal look and feel for your home.

Roof, gutter & downpipe colour: Dune®
Fascia colour: Surfmist®

STREET APPEAL

Much of your 'street appeal' is based on your home's colour scheme. That's why it's so important to co-ordinate the colours of your roof, gutters, fascia and downpipes with your render, bricks, window frames, garage doors and entrance. The COLORBOND® steel palette of 22 colours provides inspiration to create the perfect colour scheme for your entire home.

YOUR CHOICE OF GUTTERING PROFILES

Guttering made from COLORBOND® steel comes in a wide range of styles, sizes and profiles (shapes). Downpipes are available in round or rectangular shapes. Whether you're building or renovating, for information on your particular needs, speak with an installer or supplier.

For a list of installers and suppliers visit colorbond.com/suppliers and click on the gutters tag.

Colours

All 22 designer colours are trade marked names. To ensure you get what you pay for, specify the COLORBOND® steel trade marked colour names of your choice.

LOOK FOR THE BRAND

Not all painted steel is genuine COLORBOND® steel. When you buy gutters, fascia and downpipes made from COLORBOND® steel be sure to look for the printed brandmark.

TOUGH AND BEAUTIFUL

Genuine COLORBOND® steel is made using an advanced 5-step process.

1. Structural steel base compliant with Australian Standard AS1397
2. Zinc aluminium alloy coating compliant with Australian Standard AS1397
3. Conversion coating
4. Corrosion inhibitive primer
5. High performance oven cured exterior paint finish compliant with Australian Standard AS2728.

A CORSTRIP® film offers protection during installation.
