Plumbing

Toilets & Cisterns

Is your toilet leaking? Do you have a blocked toilet? Is your entire toilet suite or cistern in need of replacement or any kind of repair? Your toilet can be repaired or replaced today! Our 24 hour, 7 day service will allow us to repair or replace your entire toilet suite - or simply just replace or repair your cistern - at a convenient time for you.

Jim's Plumbing vans carry an extensive assortment of parts to repair and service most commonly used makes and models of toilet suites. Our plumbers carry toilet suites, cisterns, cistern cocks, ball valves, and most cistern rubbers – this means that in most cases we can fix your toilet on the spot!

Our vans also carry a dual flush cistern which may be a more cost effective alternative to having a toilet replacement – depending on the age of your existing toilet cistern. A toilet pan can also be easily sourced. We recommend Tradelink, Reece and Samios for your plumbing, toilet and cistern parts. Dual flush toilet cisterns are available in a variety of designs. We supply and install full toilet suites or just the cistern and toilet pan individually depending on your needs.

Simply book a plumber for your toilet or cistern online now by clicking [this link](#) and receive a 10% discount on your booking, or phone 1300 133 509 to book now.
