

Our Story – Quality, Reliability and Transparency

Affordable Home and Office Removals opened in November 2003 after the founder, Andrew Grima, identified a need for a high quality moving and storage service in Queensland. As more families and businesses relocated to the Gold Coast and Brisbane, this need only grew. Combining this need with more than a decade of experience in the removal industry, Andrew founded a company build of superior service, attention to detail, and highly trained staff.

Our entire team shares one vision – to be recognized as a professional and reputable company, the market leader in local removals and storage in Queensland. To achieve this, we follow these core customer values:

- Affordable home and office removals is a furniture removal and storage business located in **Caloundra**
 - The company caters to local clients requiring removals and storage of furniture and effect.
 - The notion of Andrew starting his own furniture removal company played on his mind for quite a while. "My dad once said to me, "Get a job a computer cannot do". I am sure that he was talking about being a dentist, but since I had never seen a computer carry a fridge, I thought "hey, why not?"
 - As the removal industry is not regulated, it was essential that systems were developed to differentiate Affordable Removals from their competitors. By introducing specific strategies, to meet the needs of the market such as free quotes and a carton loan system, and developing a "No Damage Guarantee", the business now owns five trucks, employs 10 staff and moves more than 30 local removals a week.
 - Andrew also observed that office moves were usually treated as just another home removal when in fact they have a far different agenda. "We set up an organised service that involves teams of removalists working together. The less time it takes to move, the more quickly they can get their business operating again.
 - We pride ourselves on being one of the most trusted and respected furniture removal and storage companies on the Sunshine Coast.
 - We have modern vehicles and equipment along with highly experienced removalists and great customer service.
 - Our People – professional and friendly staff, experienced removalists, modern vehicles and equipment
