THE BEST PALLETS ARE PLAIN

At Plain Pallets, we build and supply simple, reliable pallets for your business.

About us

We pride ourselves on building and supplying high-quality, reliable pallets for all kinds of business applications. And our secondhand pallets reduce the environmental impact of transporting goods.

Plain Pallets has been operating since 1974. Our directors, Damian and Matt Troy, are the third generation in our family owned and run business. We believe in sustainability and reliable products.

"I really enjoy getting new clients on board and seeing their business grow. On many occasions, we have watched small businesses grow into major clients. That's why we treat all our clients with the same respect."

- Matt Troy

- Recycle all waste material
- Government compliance
