# MORE POWER

## FOR YOUR LAWN

Established in Sweden in 1934, STIGA has been innovating premium garden consumer products for more than 80 years. Stiga maintains high quality lawn tractors that excel in performance – all year round.

Their products continue to be in a class of their own providing superior quality and safety, with ergonomic and environmentally-friendly features. They are designed to provide the best solution to any challenging task with lots of power under the bonnet and first-class collecting ability so you can sit back and...

ENJOY THE RIDE.

## INDEX

### LAWN TRACTORS

Combi	6
Tornado	8
Estate	12

## BORN TO RIDE EVERYWHERE

All tractors offer excellent cutting performance, whatever the grass conditions. Thick, overgrown and damp grass can be quickly and efficiently cut and collected or rear-discharged. All tractors are powered by high performance twin and single cylinder engines.

Efficiency, component-quality and reliability are the main attributes of all the engines chosen to power STIGA machines. All tractors are constructed around a highly robust chassis. Some models feature a reinforced heavy duty deck; while others benefit from a cast-iron front axle that contributes further to overall strength and durability.

### **PEDAL OPERATED HYDROSTATIC TRANSMISSION**

With no gears to operate, hands remain comfortably on the steering wheel for less tiring and safer cutting sessions.

### **CUTTING WIDTH UP TO 108 CM**

Wide and reinforced cutting decks prevent blockages, even with wet and tall grass. Featuring timed blades and anti-scalp wheels, they can be set up to 7 different cutting positions. Blade engagement is button operated and easy.

### **WORK IN COMFORT**

STIGA units come with comfortable STIGA Classic Seat or a High Back Seat.

The ergonomic steering wheel offers optimal grip while the ABS panel absorbs vibrations at foot level.

### **EASY ACCESS**

Wide space between seat and steering column, allowing comfortable mounting/dismounting from the machine.

The **Stiga Combi 166HQ** is an extremely compact, collecting lawn tractor providing full visibility of the working area and a narrow turning circle for ease of use where there are obstacles and complex borders to negotiate.

The Combi is the ultimate choice for the garden lover, offering a comfortable ride with a smooth hydrostatic transmission and ergonomic seat design. You and your garden deserve it, don't you?

# LAWN TRACTOR Combi

**Quick and easy  
Lever operated  
blade-engagement**

**High back support  
and adjustable seat**  
Optimal driving  
comfort for long,  
intensive working  
sessions.

**Cutting Height Adjustment**  
Selecting the perfect cutting  
height from multiple ranges  
(6 positions, from 30mm to 76mm).

**Storage  
compartment**  
Useful, safe storage  
compartment for  
any tool.

**Hydrostatic  
transmission**  
Smooth and efficient  
speed control: no  
gear change, so  
comfortably keep  
hands on the  
steering wheel.

**Pivoting front axle**  
Ensuring excellent  
comfort and stability in  
uneven ground.

**3 in 1**  
Collecting, mulching  
and side discharge  
options available, to give  
you the best result with ease.  
(Mulching Kits available as an accessory)

**Quick release  
wheels**  
Instant wheel change  
by simple removal of  
a metal retaining ring.

**Grass  
Collection**  
Impressive  
150L collector  
for easy  
emptying.

**Easy access**  
Allowing comfortable  
mounting/dismounting  
from the machine.

**GREAT VISIBILITY &  
TURNING CIRCLE**

DOMESTIC  
WARRANTY  
**2**  
YEARS

## SU166HQ

ENGINE	Stiga powered, ST250 ES, 224cc
HORSEPOWER	6.2 hp*
DECK SIZE	26" (66 cm) cut Side, Mulch & Rear Discharge, 3 in 1
TRANSMISSION	Hydrostatic automatic
BLADE(S)	1
CUTTING POSITIONS	6 positions from 30 to 76 mm
FUEL CAPACITY	3.8 L

**VERSATILE &  
INTUITIVE**

## LAWN TRACTOR **Tornado**

The powerful engines, advance functions, ergonomics and high-quality construction of this mower allows for easy lawn care for all users and all gardens.

The side-discharge tractor is recommended for cutting rough, overgrown grass over large areas where collection is not required – clippings are instead laid out in tidy rows.

ERGONOMIC  
CUTTING HEIGHT  
ADJUSTMENT

### ELECTROMAGNETIC PTO ENGAGEMENT

Instant, safe activation/deactivation of the cutting blades by simply pushing a button. Ideal for quick disengaging of blades.

**Ergonomic steering wheel**  
Maximising comfort and optimising grip while driving.

**Adjustable seat**  
Tailor-made for any driver's preferences, allowing optimal comfort during long, intensive work sessions.

**Hydrostatic transmission**  
Smooth and efficient speed control: no gear change, so comfortably keep hands on the steering wheel.

**High air flow deck**  
Giving a superior cutting and discharging performance.

**Anti-scalp wheels**  
Preventing the risk of scalping while cutting uneven surfaces.

**Quick release wheels**  
Instant wheel change by simple removal of a metal retaining ring.

**Bumper**  
Protecting the tractor front from obstacles.

### MULTICLIP MULCHING TECHNOLOGY

(Mulching Kits available as an accessory)

# LAWN TRACTOR

## Estate

**The Stiga Estate** Ideal for expansive green areas. You can choose to collect clippings into the 240 L rear grass collector reducing the frequency of emptying stops or utilise the Multiclip Mulching function which cuts grass clippings into extra fine particles and recycles them into the lawn as a natural fertiliser. (Mulching Kits available as an accessory)

**Electromagnetic PTO Engagement**  
Instant, safe activation/deactivation of the cutting blades by simply pushing a button. Ideal for quick disengaging of blades.

**Soft grip steering wheel**  
Maximum comfort and the most enjoyable driving experience.

**Headlights**  
Ultimate technology giving the best visibility possible, in any condition.

**Advanced collecting tunnel**  
The smartest collecting option thanks to the central tunnel, the cut grass is completely discharged into the rear collector.

**Anti-scalp wheels**  
Preventing the risk of scalping while cutting uneven surfaces.

**Quick release wheels**  
Instant wheel change by simple removal of a metal retaining ring.

**Bumper**  
Protecting the tractor front from obstacles.

**Timed twin-cut system**  
Unique timed blade, giving the best cutting performance in the market.

**STIGA Classic seat**  
Comfortable and ergonomic, allowing optimal comfort during long work sessions.

**240L grass collector**  
Big grass collector, minimising the need for emptying.

# WHAT MODEL SUITS YOU?

## PURPOSE BUILT

Our Stiga range of lawn tractors are selectively built with Kawasaki and Stiga engines to suit your individual budget and purpose.

## COMBI

All devoted garden lovers deserve a lawn tractor. If the love is greater than the garden, Combi is the ultimate choice in smaller tractors, combining design with practical features.

## TORNADO

A sturdy and reliable tractor built on a strong structure and able to mulch clippings or tackle long grass properly through side discharge.

## ESTATE

Superb driving comfort and precise manoeuvrability, collecting up to 240 litres of cuttings or leaves, fast switching between mulching and collecting.
