

# If you are having problems with Possums, Rats, Bees, Birds or Turkeys, Here's 7 Reasons Why You Should Call Peter The Possum Man First.

**1. The Fastest Removal Available** – Although they may look cute and cuddly, possums and other pests can damage your property. They chew electrical wires and carry diseases. That's why every step in our service is the fastest you'll find anywhere. From inquiry to quote, from quote to removal, you'll actually be surprised at how quickly we solve this problem for you.

**2. We Block Off All Points Of Entry** – Possums and wildlife are tricky creatures with flexible bodies that can squeeze into the tiniest of cracks and holes, and once they get into a house, they generally make it their home. We remove a pest and our professional servicemen, seal off the points of entry to prevent a reoccurrence of your irritating problem.

**3. Free Service Period For Proofing Work For 12 Months** – With other companies, you may have to pay again should your problem return. At Peter the Possum Man, when a member of our team removes a possum, and blocks the points of entry, we warrant the proofing work for 12 months. For you this means that your client can rest assured that in the unlikely event that there is another problem, they won't be out of pocket.

**4. 25 Years Experience** – There's not much that we haven't seen over the years, and for you this means that it's highly likely that we know how to solve your problem, no matter how unique. This can save you or your client a lot of money.

**5. Good Communication** – Throughout the whole process you'll be kept informed as to our progress so you'll never be left in the dark, and you can keep your clients and tenants updated.

**6. We Treat All Animals Humanely** – You might not be aware, but possums are protected species and we must have special licenses issued by Qld Parks & Wildlife Service. That's why all of our procedures are designed to not harm any of the animals, and when we're finished, we re-introduce them into a safe environment. Commercially for you, this ensures that you are not exposing yourself to any possible legal issues.

**7. We Give You The Right Advice** – The removal of animals is the life of our business, and even if you're not going to use Peter the Possum Man, you can be assured that whatever advice we give you will be honest and based on many years of experience.
