

Carpentry For Homes

A versatile deck
can transform your back yard

Innovative
Carpentry &
Maintenance

With over 25 years experience in the building industry, we offer a variety of carpentry and maintenance services to the commercial and domestic markets and take pride in our reputation for prompt, professional service and quality workmanship.

Many of our clients have been attracted by our name – **Innovative** – and look to us to provide **innovative** solutions to their carpentry needs.

This has led to some interesting projects, including building a sleigh for a shopping centre Santa Claus, a gypsy caravan for a flower vendor, gazebos for garden shows – as well as makeovers from mud huts to mansions!

Innovative Carpentry & Maintenance is a member of the [Housing Industry Association](#), a relationship we maintain to keep up to date with new products and other important developments in the building industry.

We also own and operate [Allwood Timber Supplies](#), so we can source your materials at the best prices available.

If You Need Some Professional Help.
