The Dawn of a New Designer Aesthetic.

As a market leader in the window furnishings industry, Uniline is constantly working towards improving our products and finding more beautiful ways to furnish your windows.

Recently, wallpaper has become hugely popular in home furnishings again. Inspired by this trend, we’ve collaborated with interior designers to create a fabric range that represents a unique Uniline designer aesthetic. The result? Studio Dawn.

A Feature Fabric in So Many Ways.

If you want to add a stylish accent to your interior decor, a feature blind crafted from a Studio Dawn designer fabric is one hundred per cent on trend. While a traditional feature wall adds a welcome splash of colour, a ‘feature’ blind from Studio Dawn really is something special. And because all Studio Dawn fabrics co-ordinate perfectly with the shades in our Dawn ranges, you can contrast or coordinate to your heart’s content.

Studio Dawn comes in six subtle designs of cherry blossom, whisper, ornate, retro, cosmos and damask on four Dawn fabrics: white, warm white, ash blue and misty.

Studio Dawn - brings out the designer in you.
