

A young girl with dark hair is smiling and standing in a modern bathroom. She is wrapped in a bright yellow towel, with only her face and legs visible. The bathroom features light grey square tiles on the walls and floor. To the left, a shower area is visible with a glass door and a showerhead. To the right, there is a dark brown vanity unit with a white countertop. On the countertop, there is a small potted plant and a white container. A black and white patterned mat is on the floor near the shower.

- Backplate diameter: 135mm
- Pressure balancing option available

PRESSURE BALANCING TAPWARE

Pressure Balancing tapware helps eliminate the uneven pressure in hot and cold lines. Users with uneven pressure will notice temperamental temperature changes. The pressure balancing cartridge compensates for this inconsistency to ensure that a consistent temperature is delivered to the user.
