

CABLE FAULT FINDING

Much of the equipment that is used to locate pipes and leaks can be used to locate a damaged cable.

The cable can be a

Telstra & Communications Cable

High Voltage and Low Voltage Power Lines

Using a combination of electronic and sonic detection tools, Aquatek staff can, in most cases, find the source of a damaged cable, enabling the efficient removal and subsequent repair of the affected section of cable.

This reduces the amount of time spent at a job leading the reduced cost for you, the customer.
