

Customer Feedback

My comment is that Southern Shutters product is more favourably priced compared to other companies operating in the Bunbury area. The time lag between acceptance of quote and installation is very minimal which is favourable too.

Stevens, Eaton

Prompt reply to quote request. Excellent friendly service. Detailed explanation of shutter installation. Friendly and efficient service during installation. I love my roller shutters. Thank you, Southern Shutters. If I need any more I will be in touch.

"The perfect solution for shift workers and grandchildren", Front of house that gets the easterly winds, no more noise or heat, back of house so cool and dark the grandchildren sleep in late!
