

# The Marble Man

Your Stone Restoration Specialist

## 7 TIPS

## Maintaining your Outside Stone Paving

- 1 Have the stone surfaces professionally cleaned and sealed.
- 2 Use only PH neutral cleaners. Your much better off using products designed for stone surfaces. This will prevent you from damaging the stone surface.
- 3 Mop up spills as soon as possible.
- 4 Give a yearly clean with suitably approved stone mould remover.
- 5 Keep pot plants raised above to stone surface to avoid staining and preferably with a collector tray under them. There are many minerals and chemicals that drain out of the pots.
- 6 Avoid keeping metal objected directly in contact with the stone or concrete pavers as strong acids need to be used to remove rust that can damage the stone.
- 7 Regularly remove leaves off stone surfaces to prevent staining.
