COUPLES

For many couples there comes a time when they want to take their sex life to the next level. For many this means a threesome or Ménage à trois. The first problem for many couples is the question of 'who?'. Doing this for the first time with a close friend can often lead to problems with jealousy and regret and can often cost the friendship. Likewise, doing it with a random 'pick up' can also cause the same problems and be very disappointing because you don't know what you're getting.

Here at Langtrees we have many ladies (or men) who specialise in and genuinely enjoy threesomes. It's very important with such an intimate experience that you choose the right person. Depending on your likes and dislikes our experienced staff can recommend an escort to suit your every desire. If it's your first threesome and you're unsure, our experienced escort can lead the way by making sure you're both comfortable and relaxed whilst making it the most enjoyable and erotic experience possible.

If you would like to take your sex life even further and enjoy a foursome with another couple then we would be only too happy to help you out. Whether you want a man and a woman, two women or two men, the possibilities are endless. Make your wildest fantasies become a reality with Langtrees.
