

Please pass on our thanks to Steve and his crew for the professional and thorough job they did at our place with the barrier. They put our minds at ease and have made one less worry about the house, especially coming into Christmas.

Thanks

*Frank, Stafford Heights*

Yesterday, (12th December), we received a termite inspection of our property at Dorset Drive, Rochedale. We just wanted to compliment Mike on the job that he did.

He was not only courteous but professional in his undertaking of the job at hand.

Nothing was a trouble for him (even climbing up in our roof to check the roof interior for any infestation).

It was a pleasure to deal with him - these days a lot of younger people couldn't care less about the service they are doing for you - but he seemed to be dedicated to his job and handled himself with the utmost respect to my wife and myself.

Once again, thank you to Mike and indeed the Termite Guys, for a very personable young man to carry out our inspection.

Regards

*Carole and Jim Turner, Rochedale*
