

Our company was founded by John Cook in 1995 and has been actively trading in Orange since then. We are an independent family owned agency and are proud of our record of offering a highly efficient service to our large network of very satisfied customers or as we like to say our 'family'. Our team is highly trained and very experienced and we are so proud of the service we offer.

John Cook Real Estate offers both sales and property management services to our community. Principal's Anthony and Jane Cook have a wonderful dedicated team who are highly motivated and committed to our company's goals of customer satisfaction. Our office is open from 9.00am till 5:00pm weekdays, by appointment on the weekend for sales inspection as well as providing a customer care vehicle – all these factors help us achieve wonderful results for our clients.

John Cook Real Estate has thoroughly researched what a customer requires from their agent. What they have told us is that they are craving a 'professional' who can 'listen' to their individual wants and needs and provide solutions for them! John Cook Real Estate is that team! We are honorable, supportive, committed, true to our work, and we continue to deliver results.

We at John Cook Real Estate can provide advice on a number of issues pertaining to your potential or completed purchase or sale as well as property management requirements.

- Market Appraisals - Matching buyers to your property – Sale & Purchase – Rental Appraisals – Matching tenants to your property
- Property Management – Storage Units
