inspiring bathrooms

We've come a long way.

In 70 years of creating and styling Australian bathrooms, our reputation has been built on the quality of what we do. Today, Caroma is one of the nation's most recognised and trusted names.

Over that time, we've seen plenty of change. What hasn't changed is our commitment to convey a distinctly Australian style – unencumbered by tradition, inspired by tomorrow and of a quality that's world-class.

Thanks to our dedicated team, our nationwide network and you, our customers, Caroma will continue to create some of the world's most desirable and inspiring bathrooms.

A wide-angle photograph of a beach at sunset. The sun is low on the horizon, creating a bright, hazy glow across the sky and reflecting on the wet sand. A lone figure is walking away from the camera towards the ocean. The waves are gentle and white with foam. The overall mood is serene and contemplative.
