

## CREMATIONS ONLY

### *Unattended Cremation*

Unattended cremation is one where no family or friends are present and we recommend that when the cremated remains are returned you hold a memorial service which will help with your grief and give you closure.

This affordable funeral option includes transfer from place of death, coffin, cremation and Death Certificate and the current price is \$1640.00.

There are 10 crematoriums around Brisbane and the Gold Coast that we can use, however they all have different price structures. For an unattended cremation in Brisbane and Gold Coast, we use Eco Memorial Park or Nudgee Crematorium.

Ashes are ready for collection after 2-3 days after the cremation or we can deliver them locally for a \$75.00 fee. A viewing prior to cremation will incur an additional cost.

Business Hours: Between 8.00am and 4.00pm Monday to Friday. An after-hours transfer fee of \$350.00 may apply, depending on place and time of passing. We are available 24 hours a day 7 days a week.
