PROFESSIONAL TRADE RANGE

GUARANTEES

*LIFETIME GUARANTEE

Taubmans Endure is guaranteed against blistering, flaking or peeling if applied on suitable and properly prepared surfaces according to printed directions. This guarantee applies to the owner of the house/property to which the paint has been applied and is available as long as the owner owns and lives in the house/property. The benefits provided under this guarantee are not transferable. Proof of purchase is required. This guarantee is given by PPG Industries Australia Pty Ltd. This guarantee only applies to residential properties within Australia. This guarantee applies to defects in the manufacture or formulation of the paint and does not cover paint failure caused by factors beyond our control. If this guarantee is not met, we will replace the paint or refund your money. We are not liable for the cost of labour or any other direct or indirect loss or damage arising from a breach of this guarantee. Customers are responsible for all costs of claiming under this guarantee.

To claim, customers must write to us or call our Customer Service number to request a claim form. The benefits provided by this guarantee are in addition to other rights and remedies under the law. If you are a consumer within the meaning of the Australian Consumer Law: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

^15 YEARS GUARANTEE

Taubmans Pure Performance and All Weather 15 Year Guarantee: Supported By Our Tradition Of Quality And Performance Since 1897. Taubmans Pure Performance and All Weather are guaranteed for 15 years against blistering, flaking or peeling if applied on suitable and properly prepared surfaces according to printed directions. This guarantee is given by PPG Industries Australia Pty Ltd. This guarantee applies to defects in the manufacture or formulation of the paint and does not cover paint failure caused by factors beyond our control. If this guarantee is not met, we will replace the paint or refund your money. We are not liable for the cost of labour or any other direct or indirect loss or damage arising from a breach of this guarantee. Customers are responsible for all costs of claiming under this guarantee.

To claim, customers must write to us or call our Customer Service number to request a claim form. The benefits provided by this guarantee are in addition to other rights and remedies under the law. If you are a consumer within the meaning of the Australian Consumer Law: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

We protect and
beautify the world™

PPG Industries Australia Pty Limited. ABN 82 055 500 939. 9 Birmingham Ave, Villawood NSW 2163. We Protect and Beautify the World,™ Taubmans® Pure Performance,® All Weather,® Easycoat,® Engineered to Endure,® DuraClean,® Living Proof Silk® and Tradex® are registered trademarks of the PPG Industries Australia Pty Limited. The PPG Logo is a registered trademark of PPG Industries Ohio, Inc.

TECHNOLOGY & ENDORSEMENT

NANO GUARD TECHNOLOGY

Taubmans Endure is engineered with Nanoguard® Advance, which provides maximum protection for your walls. It has an interlocking molecular structure that creates a protective shield so everyday dirt and stains can be wiped away without compromising the quality of the paint. It provides excellent mould and mildew protection so you have a cleaner and healthier home environment. It is one of the most advanced paint technologies available today.

NATIONAL ASTHMA COUNCIL AUSTRALIA'S SENSITIVE CHOICE® PROGRAM

Taubmans Endure and Pure Performance Interior ranges have been approved by the National Asthma Council Australia's Sensitive Choice® Program, supporting asthma and allergy care.

MICROBAN® TECHNOLOGY

Microban® technology provides antibacterial protection against bacteria such as E. coli, Salmonella, Listeria, Golden Staph and the growth of mould, mildew and fungus. It is incorporated into the paint at the manufacturing stage and lasts the life of the paint, making it ideal for use on painted surfaces such as walls and ceilings in bedrooms, kitchens and bathrooms, as well as damp areas of the home.

**SUPERIOR
DIRT SHEDDING
FORMULA**
KEEP SURFACES LOOKING
NEWER FOR LONGER

SUPERIOR DIRT SHEDDING FORMULATION

Taubmans Superior Dirt Shedding Formulation enables surfaces to remain cleaner for longer and for any ingrained dirt to be easily washed from the surface. It keeps surfaces looking newer for longer.

DURACLEAN® TECHNOLOGY

Duraclean® Technology delivers a luxuriously silky smooth finish allowing outstanding stain resistance and washability. This technology does not wash or wear off and lasts the life of the paint.

LOW VOLATILE ORGANIC COMPOUND (VOC)

†Pure Performance Interior and Exterior ranges contain Low Volatile Organic Compound (VOC) contents; assisting architects, building owners and homebuilders in building green. PPG was one of the first pioneers in the paint industry to develop new performance standards for zero and low-VOC products. With PPG, painting green does not mean sacrificing coating performance.

ECOLOGICAL SOLUTIONS FROM PPG™

At PPG, we understand that sustainability is a driving design factor on building and design projects nationwide. We recognise that our products, paints and stains, play an important role in sustainable green building and we're committed to making environmentally progressive products.

ENDURE INTERIOR WALLS

DESCRIPTION

Taubmans Endure Interior Walls range delivers in eight areas that combine to make it one of the most advanced paints on the market. The 8in1 multi-benefit protection delivers:

- Wash resistance
- Stain resistance
- Scrub resistance
- Anti-microbial properties
- Asthma & allergy friendly properties
- Low VOC & odour
- Inhibits the growth mould & mildew
- Nanoguard technology endorsement

The advanced anti-microbial technology in the new Taubmans Endure Interior also sees it better equipped to protect homes against mould, mildew, and bacteria. Improved indoor air quality is a strong feature of the new Endure Interior range, with low odour, and VOC* levels reduced to 16g/L, which is especially helpful for asthma and allergy sufferers looking for Sensitive Choice approved products. The Endure Interior range now includes an ultra-washable, scrub and stain resistant Matt finish.

ENDURE INTERIOR DOORS & TRIM

DESCRIPTION

Taubmans Endure Doors and Trim is the perfect high performing water based enamel for interior surfaces. It has Nanoguard Technology which means it has small and large particles that interlock, creating a strong protective shield so stains, repeated dusting and wiping won't damage the surface. It has a unique non-yellowing formula, and also protects against the growth of mould and mildew. This is why Taubmans Endure Doors and Trim have been formulated to withstand high traffic areas and has been approved into the National Asthma Council Australia's Sensitive Choice Program.

ENDURE INTERIOR KITCHEN & BATHROOM

DESCRIPTION

Taubmans Endure Kitchen and Bathroom is formulated to protect against humidity, heat and grease, as well as mould and mildew for maximum protection of the painted surface. Nanoguard Technology protects the surface through its small and large particles that interlock, creating a strong protective shield, so stains and grease can be wiped away without damaging the finish of the paint. Taubmans Endure Kitchen and Bathroom has great touch up properties, and antibacterial protection- resulting in it being approved by the National Asthma Council Australia's Sensitive Choice Program.

USES

Interior walls in high traffic wet areas.
