

Queenstown Chapel

Harrison's at Queenstown has been the first choice for many generations of families in and around Port Adelaide.

Whilst the original chapel with its stained glass window is still available for viewings and small intimate services, Harrison's has now added a first class, modern chapel and lounge facility. This new chapel is comparable to the standards set by our [Ridgehaven chapel](#), making it the finest in the west of Adelaide.

As pictured, the larger chapel features a glass wall revealing a waterfall cascading over rocks in a tranquil garden setting.

Following a service, family and friends can gather in the spacious lounge for refreshments. For your appreciation there is a display of historical artifacts of the Port.
