Gas Plumbing

All calls relating to gas supply/fault are deemed urgent and will be attended to as a matter of priority

A & C Plumbing will promptly handle all your gas requirements.

GAS LEAKS – call us to isolate your supply immediately (24/7)

- Manometer testing
- Soapy water testing
- Electronic gas testing device

GASFITTING LINES – all gas works tested and certified by a licensed gas plumber.

APPLIANCES – serviced and repaired (wall furnaces, space heaters, hot plates and ovens).

CARBON MONOXIDE TESTING
Recommended every 2 years

Carbon Monoxide is a deadly gas emitted from faulty gas appliances. A & C Plumbing has the expertise to carry out tests, detect and repair or replace appliances if required.

POOL HEATERS

All types of pool heaters from Solar to gas & electric
