ENTER THE COMFORT ZONE

## TOTAL SEATING SOLUTIONS

Correctly designed seating can help avoid extremely common chronic back injuries. Our comprehensive range of industrial seating is designed for long term comfort and well being, reducing whole body vibration in vehicles and machinery.

Fitted as standard equipment on many of the world's finest commercial, industrial and agricultural vehicles, KAB Seating has a suspension seating combination to suit your exact needs.

***When it comes to your comfort and safety, there's nobody more concerned than the team at KAB seating.***

***Call us to experience the difference!***

## KAB // Seating

KAB Seating's world leader status comes from the many years of experience we have within seat design, development and production. For over 30 years in Australia and more than 60 years worldwide, KAB Seating products have been synonymous with quality, reliability, safety and comfort.

This solid reputation and vast experience combined with state-of-the-art technology and manufacturing techniques is the reason why KAB Seating products are fitted as original equipment by many major vehicle manufacturers worldwide. Such manufacturers include SDF, ISEKI, KUBOTA, CLAAS, DOOSAN, BELARUS, McCORMICK, YANWAR, MATROT, ARTEC, HOLMER, SANDS, MULTIDRIVE, KNIGHT, JCB, MERLO, MANITOU.

Today, our extensive product range incorporates seating for a variety of vehicle and office applications. KAB Seats are fitted into agricultural, mining, construction, transportation, materials handling and marine vehicles Australia wide.

### ON SITE AUDITS

Our team of dedicated seating repairers have the expertise to conduct on-site audits on your existing vehicle seating, compile a comprehensive report detailing the condition of your seats, plus recommend servicing and/or repair requirements. We can also audit the condition of all competitor seats.

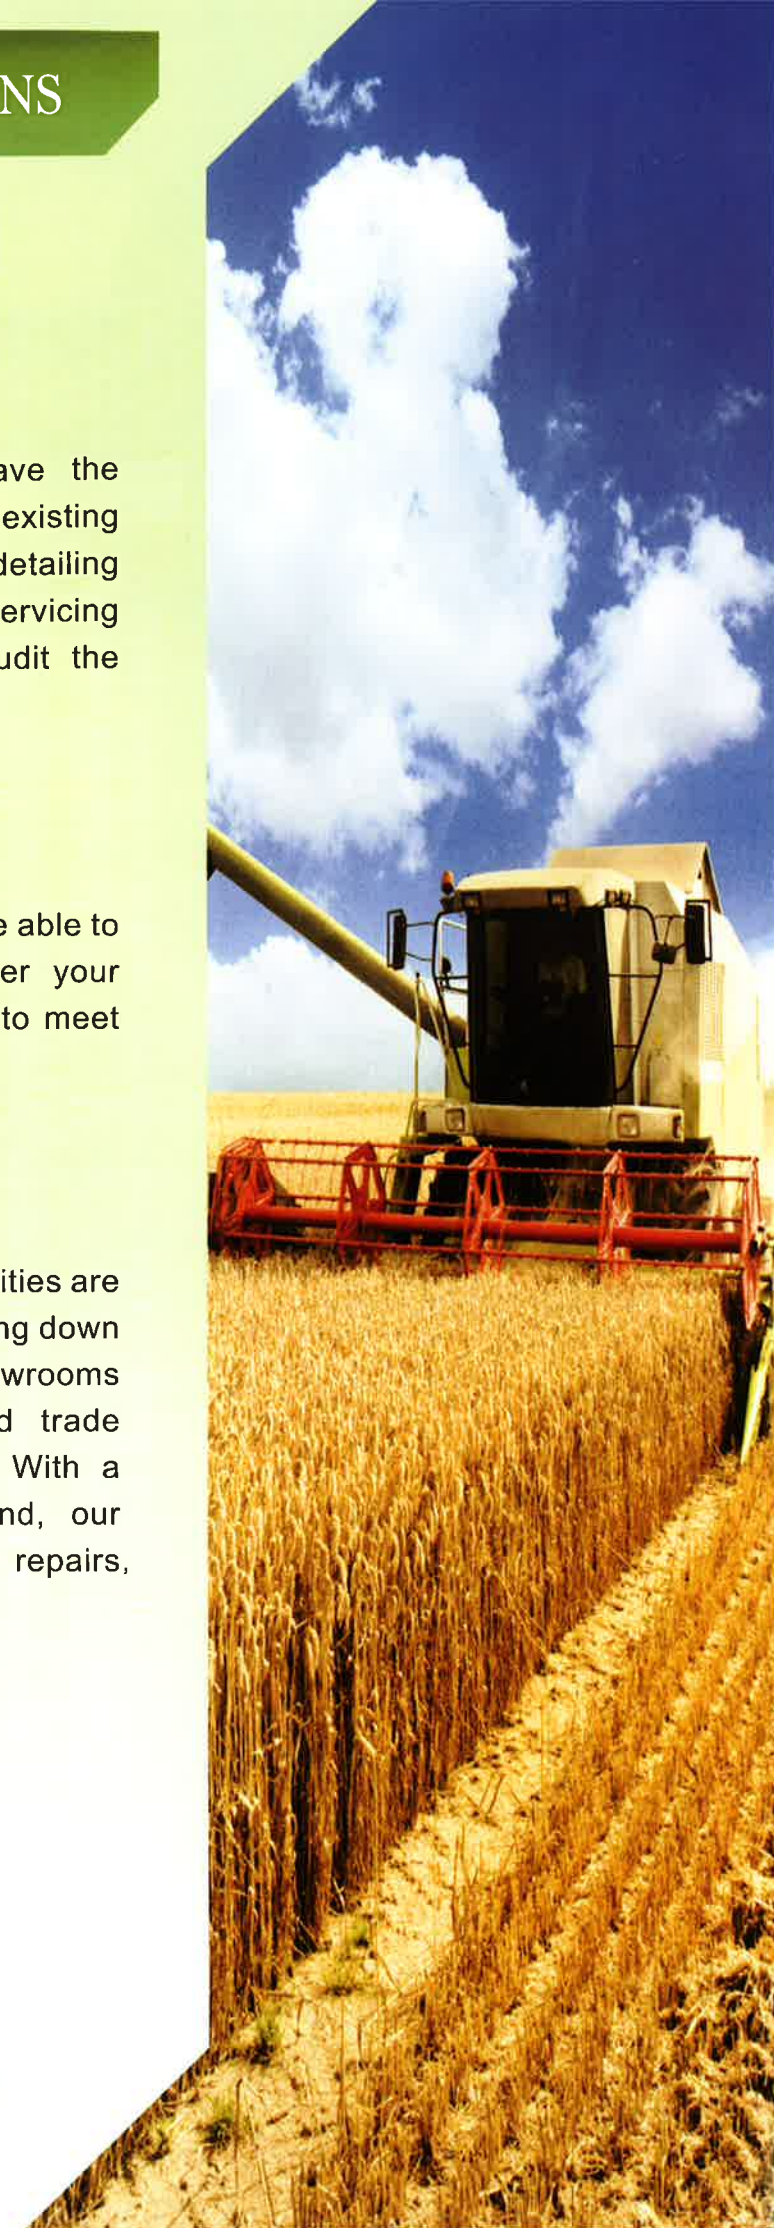

### CUSTOM BUILT SEATS

Many years of industry experience allows us to be able to offer a "custom built seat service". Whatever your requirements, we can customize any KAB seat to meet your individual needs.

### REPAIRS

Servicing ALL SEAT BRANDS, our workshop facilities are structured to carry out same day repairs minimizing down time to your vehicle. Warehouses and showrooms designed to cater for distributors, fleet and trade customers and of course, owner operators. With a comprehensive range of spare parts on hand, our experienced staff are able to carry out quality repairs, using genuine parts.

## AIR 85-E1

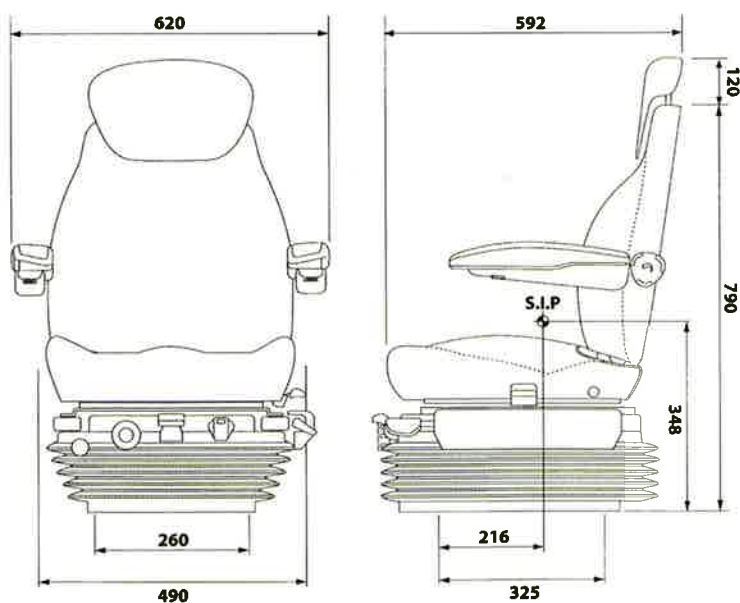

Combine Harvesters

Large Agricultural Tractors

Medium Agricultural Tractors

Telescopic handlers

## HEAVY DUTY

The KAB 85-E1 is KAB Seating's premium air suspension seat for the agricultural industry. It comes standard with horizontal isolators for enhanced ride control and comfort. It also features a ride indicator for safer height adjustment and a swivel function for comfortable rearward vision and easy vehicle entry/exit.

Because of the size of this suspension and the isolator feature, the KAB 85-E1 is best suited to the tougher vehicle applications such as large tractors and combine harvesters. The seat is also fitted into JCB tele-handlers at the point of manufacture.

**Suspension Type:** 12 volt Air 85

**Upper Type:** E1 mid back

**Belt Type:** 2" Lap Belt  
OR 3" Lap Belt

**Suspension Stroke:** 175 mm

**Height Adjust:** 75 mm integral

**Weight Range:** 50 - 120kg

### KAB 85-E1 Features:

- ✓ 5 position mechanical lumbar support
- ✓ Backrest recline adjustment
- ✓ 160 mm fore & aft adjustment
- ✓ 75 mm integral height adjustment
- ✓ Ride indicator for correct suspension adjustment
- ✓ Fore & Aft isolators to reduce horizontal vibration
- ✓ Swivel (20 degrees left & right)
- ✓ Adjustable backrest extension
- ✓ Foldaway, height adjustable armrests

### KAB 85-E1 Optional Extras:

- ✓ Seat belt (Lap Belt Only)
- ✓ Seat sensor switch
- ✓ Turntable

## MECH 81-E1

Combine Harvesters

Large Agricultural Tractors

Medium Agricultural Tractors

Telescopic handlers

The KAB 81-E1 is the top of the range KAB Mechanical suspension seat for the agricultural industry. As the mechanical equivalent of the KAB 85-E1, the seat features are identical between the two models. Likewise, the KAB 81-E1 is best suited to large tractors and combine harvesters.

**Suspension Type:** Mechanical 81

**Upper Type:** E1 mid back

**Belt Type:** 2" Lap Belt  
OR 3" Lap Belt

**Suspension Stroke:** 175 mm

**Height Adjust:** 75 mm integral

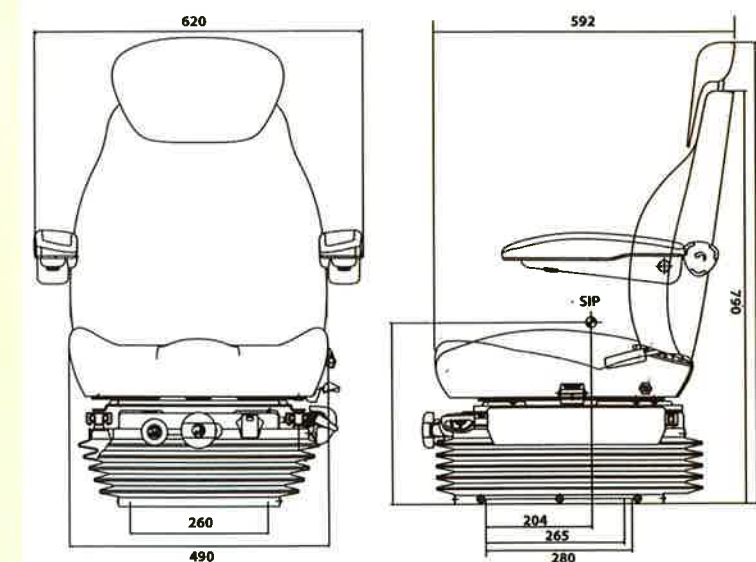

**Weight Range:** 50 - 120kg

### KAB 81-E1 Features:

- ✓ 5 position mechanical lumbar support
- ✓ Backrest recline adjustment
- ✓ 160 mm fore & aft adjustment
- ✓ 75 mm integral height adjustment
- ✓ Ride indicator for correct suspension adjustment
- ✓ Fore & Aft isolators to reduce horizontal vibration
- ✓ Swivel (20 degrees left & right)
- ✓ Adjustable backrest extension
- ✓ Foldaway, height adjustable armrests

### KAB 81-E1 Optional Extras:

- ✓ Seat belt (Lap Belt Only)
- ✓ Seat sensor switch
- ✓ Turntable

## AIR 15-E1

The KAB 15-E1 is KAB Seating's mid-range agricultural air seat. It features a ride indicator for safer height adjustment and a swivel function for comfortable rearward vision and easy vehicle entry/exit.

The compact design of the KAB 15-E1's suspension enables it to fit into smaller cabins. Therefore, the KAB 15-E1 is best suited to medium tractors, small tractors, vineyard tractors and commercial ride-on mowers.

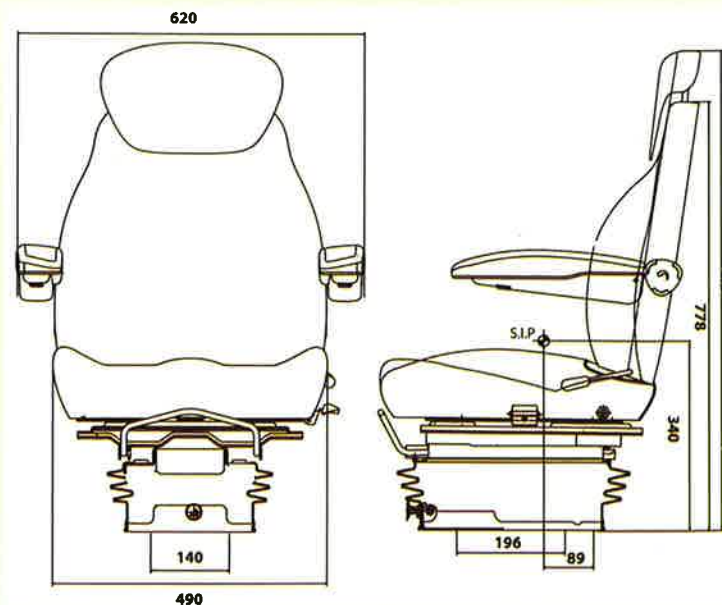

- **Suspension Type:** 12 volt Air 15
- **Upper Type:** E1 mid back
- **Belt Type:** 2" Lap Belt
- **Suspension Stroke:** 150 mm
- **Height Adjust:** 70 mm integral
- **Weight Range:** 50 - 120kg

### KAB Features:

- ✓ 5 position mechanical lumbar support
- ✓ Backrest recline adjustment
- ✓ 160 mm fore & aft adjustment
- ✓ 70 mm integral height adjustment
- ✓ Ride indicator for correct suspension adjustment
- ✓ Swivel (20 degrees left & right)
- ✓ Adjustable backrest extension
- ✓ Foldaway, height adjustable armrests

### KAB Optional Extras:

- ✓ Seat belt (Lap Belt Only)

- Medium Agricultural Tractors
- Small Agricultural Tractors
- Telescopic Handlers
- Vineyard Tractors
- Ride-On Mowers

## MECH 11-P6

The KAB 11-P6 is our mid-range mechanical suspension seat. This KAB 11 suspension is a mechanical suspension used by tractor manufacturers such as ISEKI, KOBOTA and CLAAS. It is also used in JCB tele-handlers.

The KAB 11-P6 features a ride indicator for optimum vibration absorption and a compact suspension design enabling the seat to fit into smaller cabins. The P6 upper is a two piece rigid PVC pan seat.

This seat is typically suited to small tractors, telescopic handlers, vineyard tractors and commercial ride-on mowers.

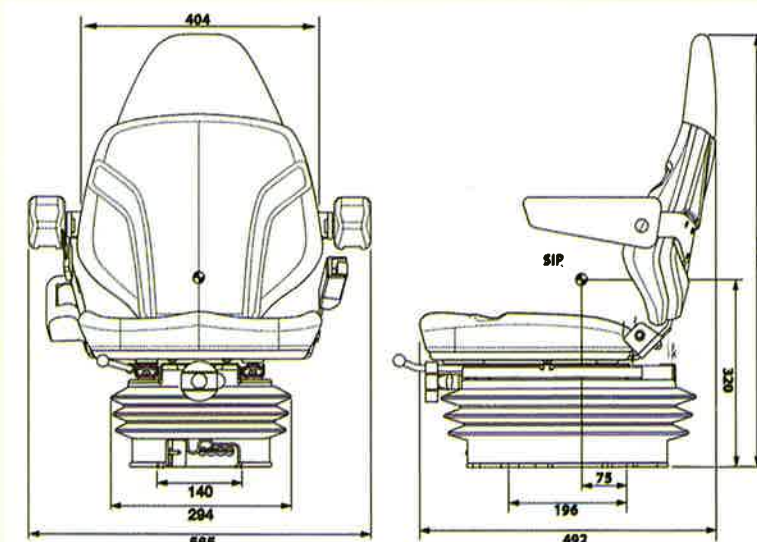

- **Suspension Type:** Mechanical 11
- **Upper Type:** P6 pan - low back
- **Belt Type:** 2" Lap Belt
- **Suspension Stroke:** 80 mm - 150 mm
- **Height Adjust:** 70mm integral
- **Weight Range:** 50 - 120kg

### KAB Features:

- ✓ 180 mm fore & aft adjustment
- ✓ 70 mm independent height adjustment
- ✓ Ride indicator for correct suspension adjustment
- ✓ Backrest extension
- ✓ Weather resistant which makes it ideal for open cabins.

### KAB Optional Extras:

- ✓ Foldaway, height adjustable armrests
- ✓ Seat belt (Lap Belt Only)
- ✓ Swivel (20 degrees left & right)

- Medium Agricultural Tractors
- Small Agricultural Tractors
- Telescopic Handlers
- Vineyard Tractors
- Ride-On Mowers

## MECH XH2-U5

Fitted by DOOSAN, McCORMICK and AGCO tractor manufacturers, the XH2-U5 is KAB Seating's most comfortable compact agricultural seat. The U5 features plush cushioning as compared to pan seats and is able to accommodate armrests for added comfort.

The XH2 suspension is our budget agricultural suspension. Therefore, it features the basic necessities of a suspension seat, namely; user weight adjustment up to 120kg, fore and aft adjustment and height adjustment.

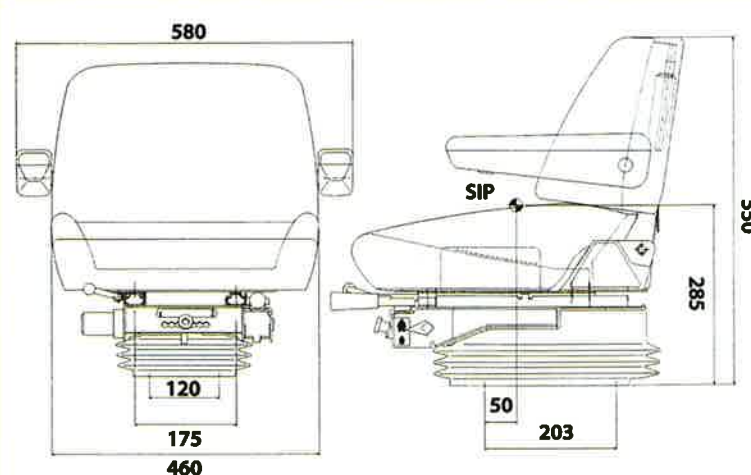

- ✓ **Suspension Type:** Mechanical XH2
- ✓ **Upper Type:** U5 low back
- ✓ **Belt Type:** 2" Lap Belt
- ✓ **Suspension Stroke:** 90 mm
- ✓ **Height Adjust:** 70 mm integral
- ✓ **Weight Range:** 50 - 120kg

### KAB Features:

- ✓ 200 mm fore & aft adjustment
- ✓ 70 mm integral height adjustment
- ✓ Black PVC Trim
- ✓ Water Drainage (seat cushion)

### KAB Optional Extras:

- ✓ Foldaway, height adjustable armrests
- ✓ Seat belt (Lap Belt Only)
- ✓ Seat sensor switch

## MECH XH2-P2

The XH2-P2 is used by SDF, ISEKI, KUBOTA, DOOSAN and YANWAR tractor manufacturers.

As our most cost effective agricultural suspension seat, the XH2 suspension features the basic necessities of a suspension seat, namely; user weight adjustment up to 120kg, fore and aft adjustment and height adjustment. The P2 pan is a robust, rigid grooved pan without adjustment functions.

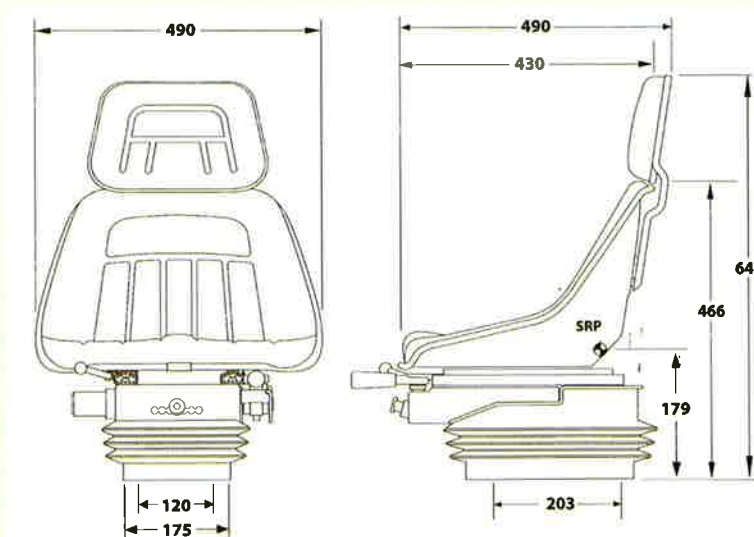

- ✓ **Suspension Type:** Mechanical XH2
- ✓ **Upper Type:** P2 low back pan
- ✓ **Belt Type:** 2" Lap Belt
- ✓ **Suspension Stroke:** 90 mm
- ✓ **Height Adjust:** 70 mm integral
- ✓ **Weight Range:** 50 - 120kg

### KAB Features:

- ✓ 200 mm fore & aft adjustment
- ✓ 70 mm integral height adjustment
- ✓ Rigid steel pan
- ✓ Ventilation and surface drainage grooves

### KAB Optional Extras:

- ✓ Seat Belt (Lap Belt Only)
- ✓ Backrest extension (as pictured)

- Small Agricultural Tractors
- Telescopic Handlers
- Vineyard Tractors
- Ride-On Mowers

- Small Agricultural Tractors
- Telescopic Handlers
- Vineyard Tractors
- Ride-On Mowers

## STATIC P2

\*Pictured with optional backrest extension

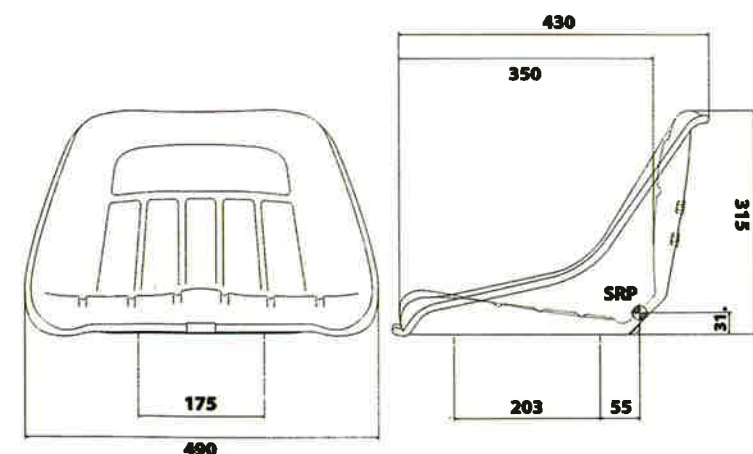

The KAB P2 pan is our cost effective pan seat. It is typically used in applications where a suspension is not required. Such applications include ride-on mowers and small agricultural tractors.

### KAB Features:

- ✓ Rigid Steel Pan
- ✓ Ventilation and surface drainage grooves

Small Agricultural Tractors

Ride-On Mowers

## STATIC P4

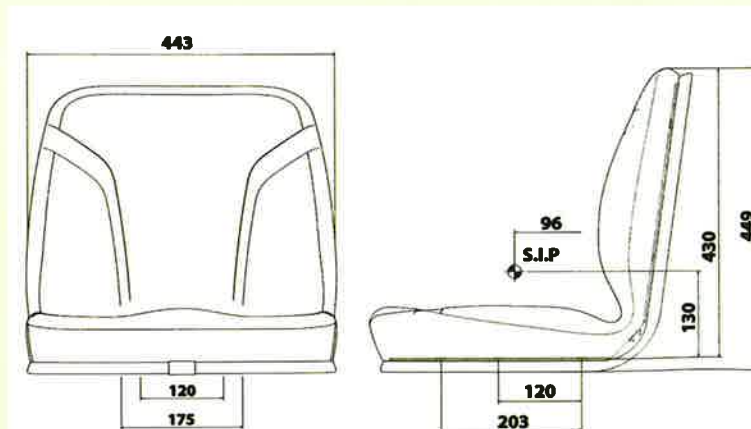

The KAB P4 is typically used in applications where a suspension is not required. Such application include ride-on mowers and small agricultural tractors.

### KAB Features:

- ✓ Rigid Steel Pan
- ✓ PVC Moulded Trims
- ✓ Cushion Drainage

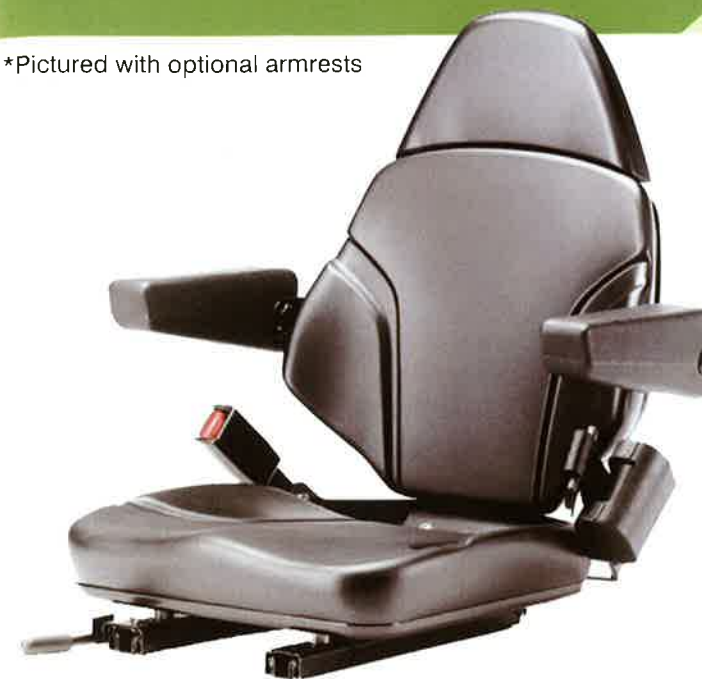

Small Agricultural Tractors

Ride-On Mowers

## STATIC P6

\*Pictured with optional armrests

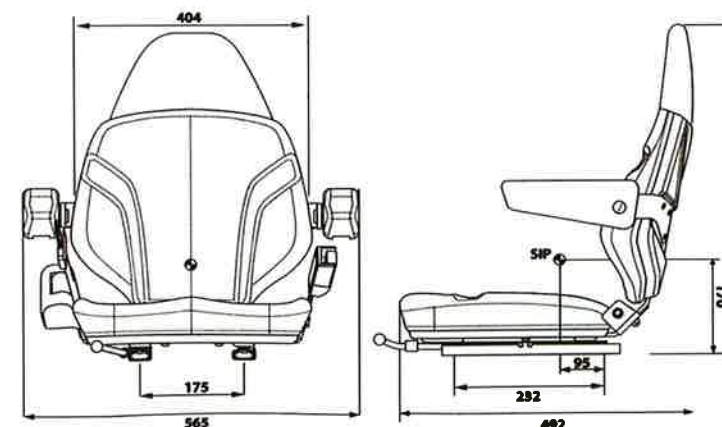

The KAB P6 pan is slender, stylish pan seat. It is typically used in applications where a suspension is not required. Such applications include ride-on mowers and small agricultural tractors.

### KAB Features:

- ✓ 180 mm fore & aft adjustment
- ✓ Backrest Extension
- ✓ Ventilation and surface drainage grooves
- ✓ Weather resistant PVC Pan

Small Agricultural Tractors

Ride on Mowers

## STATIC U5

\*Pictured with optional armrests

The KAB U5 is KAB Seating's most comfortable compact seat. It features plush cushioning in comparison to the P2, P4 and P6 pans.

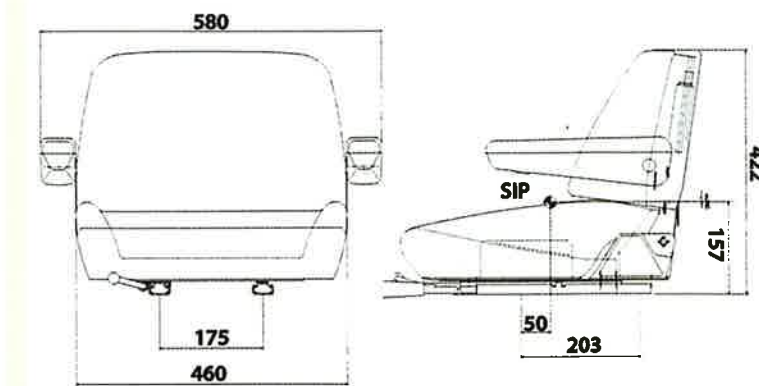

It is typically used in applications where a suspension is not required. Such applications include ride-on mowers and small agricultural tractors.

### KAB Features:

- ✓ PVC Trims
- ✓ Water Drainage (Seat Cushion)

Small Agricultural Tractors

Ride on Mowers
