

# CONCEPT CONSULT

Your Complimentary Personalised Interior Designer Service

**SUREGRIP**  
CERAMICS  
TILES WITH STYLE

## Experience the difference

Your renovation/new home is an investment, one worth doing right which will give you pleasure and reward for years to come.

Tile choice is dependant on many factors, such as personality, functional requirements, budget and a consideration for the overall aesthetics of the project area and home.

Suregrip Ceramics provide complimentary (yes - FREE) Concept Consult appointments with qualified Interior Designers to guide you towards the perfect outcome to suit your expectations and requirements.

### *What is the Complimentary Concept Consult Appointment?*

It is an hour appointment with one of our qualified Interior Designers held in our showroom providing one on one, no interrupted service to find you the best tile products suited to your needs.

Our Interior Designers will assist you not only on colours, but consider the aesthetics of your project, room orientation, natural light and other design principles that make a successful project. During your appointment, selection assistance is also available for laminate, stone bench top and paint colours.

The appointment will result in selected tile concepts as discussed during the appointment and within 24 hours you will receive a no obligation quote for your consideration.

### *Where can I see examples?*

See some of our client's Concept Consult results in our Project Spotlight blog. Visit our Facebook page [www.facebook.com/suregripceramics](http://www.facebook.com/suregripceramics), or simply Google 'Project Spotlight Geelong'.

TILES WITH STYLE

## Easy Step Process...

**1.** Book appointment online & an assistant will contact you to confirm your booking.

**2.** Appointment. Discuss your requirements & spend one on one time with our Design Team. We'll guide you through our extensive tile range & you'll receive the best advice on colour, products & project design suited to you.

**3.** Appointment concludes with your concept tile selection. You will leave feeling confident about your project and choices.

**4.** You will receive a no obligation quote within 24hrs of your appointment for your consideration.

## Client Testimonial

**“ We went to Suregrip Ceramics after dealing with a very pushy salesman at a competitor supplier, and the team at Suregrip Ceramics were so relaxed, helpful and patient and gave us all the time we needed to decide on the perfect tile for us. They worked with us and discussed all our house colours and style rather than push us for a deposit at a 'special price' for today only if you pay right now!. Highly recommend Suregrip Ceramics, they've been wonderful to deal with. - Kelly King, client and beautiful home owner. ”**

## Why use your Interior Design Team?

Our Interior Design Team is qualified and experienced in creating harmonious and livable spaces. An appointment with our Interior Design Team is not about imposing ideas and personal tastes, it is about you and the designer coming together to create a unique space suited to you.

Our Interior Designers have the ability to visualise the overall project and illustrate the effects before they are actually executed. This can save you time and money.

Many businesses charge a fee for such a service - not us - the appointment is complimentary and obligation free, so you have nothing to lose. Put your best foot forward.

## How do I make an appointment?

Call our showroom on 5222 6066 or make an online appointment via the link provided on our Facebook Page.

## What do I need to bring?

- House/building plans
- Photos, magazine clippings, Pinterest Boards - any visual concepts that appeal to you
- Colour swatches of any already selected products for your project including paint, laminate etc
