

## CONTAINER DEPOSIT REFUND

The South Australian Government introduced Container Deposit Legislation (CDL). What this means is that certain drinks are sold with a 10c deposit already included. When you have finished your drink, save the empty containers and bring them to our team at Hampshire Recycling. We will refund our customers across Holden Hill and Modbury North 10c on every compliant container.

To be included in the scheme, containers must be bought in South Australia and be marked with one of these messages:

- 10c refund at collection depots when sold in SA
- 10c refund at SA/NT collection depots in State/Territory of purchase

This includes containers for

- Carbonated soft drinks
- Non-carbonated soft drinks
- Water (plain, still or carbonated)
- Fruit drinks and some juices
- Sports drinks
- Ice teas
- Flavoured milk up to and including 600 mL
- Yakult bottles
- Beers, ales and stout
- Non-alcoholic wine
- Pre mixed spirit drinks

Just remove the lids, make sure they are empty and start counting your cash!
