

GRAVELY®

25

AUSTRALIA

BUILT TO MOW THE DISTANCE

With over one-hundred years of legendary ingenuity and reliability hard-coded into the DNA of every Gravely product, you have peace of mind you're making the right choice with your next Gravely investment.

You put your mower through a lot. All that back and forth can add up to thousands of kilometres. That's similar to driving across the country. It's a lot to ask of a mower. Gravelys are built to withstand the hardest of jobs. Helping you get the job done season after season and ergonomically designed to keep you comfortable kilometre after kilometre.

WE'VE STACKED THE **DECK** IN YOUR FAVOUR.

When it comes to building a better lawn mower, what's doing the actual mowing should never be an afterthought. Which is why our engineering department worked so hard to perfect our X-Factor® 3 deck. It's specially designed with integrated baffles for superior airflow. That means better grass dispersion, so it cuts grass finer and avoids clogging. This is a heavy-duty deck made of seven-gauge steel, but also available in 10-gauge for certain applications. It's even reinforced in its high-contact areas for extra durability. Toolless removable belt-guards make maintenance a snap and its rugged discharge chute has just enough give to be kind to trees and shrubs. We truly factored in every detail for the ultimate deck, leaving only the finest results in its path.

COMMERCIAL PEDIGREE. RESIDENTIAL ADDRESS.

For homeowners who take their lawn care seriously. The ZT X brings commercial grade precision and legendary Gravely performance to your backyard. This mower isn't just for anyone, just those who want to upgrade their lawn game.

11-GAUGE FABRICATED DECK - Our 4.5-inch-deep fabricated deck features an optimized airflow design to produce best-in-class cut quality and discharge performance.

FULLY WELDED TUBULAR FRAME - This fully welded tubular frame is a professional-grade backbone tough enough to get the job done in your backyard.

CUT SELECTION - We cut out the pins and levers to offer a simple and intuitive cutting selection solution. Press the pedal to raise the deck, and turn the dial.

CUTS BIG JOBS DOWN TO SIZE.

The professional-grade quality of the ZT XL was built for big jobs.

This is a residential machine with heavy-duty features that makes users forget they're not on a commercial mower.

FULLY WELDED TUBULAR FRAME - This fully fabricated tubular frame is welded into a single piece, providing a strong, stable backbone you won't get from a competitive bolted, multi-sectional frame.

HYDRO-GEAR® TRANSAXLES - The Hydro-Gear® ZT-2800® transaxles provide increased torque, a smoother ride, and longer life.

11-GAUGE FABRICATED DECK - Our 4.5-inch-deep fabricated deck features an optimized airflow design to produce best-in-class cut quality and discharge performance.

EXPECTATIONS ELEVATED.

More style, more comfort, more speed, and more precision have made the ZT HD one of the top selling machines in its class. It was built to commercial standards for power and durability. The only thing that makes it a residential mower is its address.

CUT SELECTION - Offers 15 cutting positions, ranging from 1.5 inches to 5 inches, to make your lawn look its best.

X-FACTOR® 3 DECK - The deck has been completely redesigned for better grass dispersion. Its new look is constructed from 10-gauge steel to deliver years of solid performance.

FULLY WELDED TUBULAR FRAME - The ZT HD offers a superior and more robust welded tubular frame, giving you the integrity of a commercial frame in a residential package.

A SUPERIOR CUT COUPLED WITH SUPERIOR COMFORT.

All-day comfort matters just as much as leaving a perfectly cut lawn. The Pro-Turn® Z delivers both. It's packed with commercial grade features while staying true to its attractive baseline price. On top of all that, it maintains Gravely's signature durability.

SUSPENSION FORKS - Absorb those big impacts so your body doesn't, further improving the ride and decreasing fatigue.

X-FACTOR® 3 DECK - The deck has been completely redesigned for better grass dispersion. Its new look is constructed from 10-gauge steel to deliver years of solid performance.

SEAT ISOLATION - Enjoy an improved ride thanks to its seat isolation system. This system removes the vibrations that can cause fatigue so you can mow in comfort further and longer.

SMALL FRAME. BIG RESULTS.

Its size takes you where bigger mowers can't, like through gates as narrow as 36". But this smaller, nimbler ride is still loaded with big-time features. Powerful, durable, with maximum versatility. The Compact-Pro represents full commercial strength, brought down to size.

FUEL TANK DESIGN - Increases stability and improves machine handling and visibility.

KAWASAKI ENGINE - Powered by a Kawasaki® FX Engine that touts a heavy-duty canister air cleaner to optimize performance in all conditions and extend engine life.

SMALLER FOOTPRINT - The Compact-Pro® easily passes through gates as narrow as 36 inches and nimbly maneuvers around common residential obstacles.

Specifications subject to change without notice. Images for illustrative purposes only.

GET BANG FOR YOUR BUCK.

Don't let its price-point fool you. The Pro-Turn® ZX still delivers a great Gravelly performance, making it great value. Its solid construction can handle the toughest commercial jobs and leave a beautifully manicured lawn behind it. This is definitely a “big return on a small investment” situation.

AN AUTOMOTIVE-STYLE TUBULAR FRAME - It's unique to the mowing industry and increases durability by withstanding force from any direction. This high-strength, premium frame is positioned with a lower center of gravity to improve stability while mowing on hillsides.

ZT-3200® TRANSAXLES - They're more heavy duty and can handle higher speeds. They're also commercial grade and serviceable for a longer life span.

X-FACTOR® 3 DECK - The deck has been completely redesigned for better grass dispersion. Its new look is constructed from 10-gauge steel to deliver years of solid performance.

SUCCESS IS CONTAGIOUS.

Consistent cutting results, comfort for the long haul, and a choice of three sized mower decks make the Pro-Turn® 100 great value. It can handle the toughest jobs you can dish out and will be ready for more the next day.

CBT SYSTEM - Our exclusive Constant Belt Tension System (CBT) ensures that belt tension is constant, keeping the blade tip speed and cutting results consistent.

X-FACTOR® II DECK - The 7-gauge deck is fabricated from top to bottom, it provides industrial-strength peace of mind.

SEATING SYSTEM - A full suspension seat provides improved lateral stability with added vibration control and a 4-inch seat slide for all-day comfort.

PRO TURN MACH ONE

60" Deck Shown.

WHERE OVERGROWN GRASS BECOMES JUST GRASS.

Whether it's thick wet conditions, overgrown properties, or stalky grasses in its path, the Mach One easily cuts it down to size. Its High-Volume Output deck with tunnel chamber directs clippings away from the blades after they're cut to keep them from bogging down.

HIGH-VOLUME OUTPUT (HVO) DECK - The HVO deck provides increased depth from trim side to discharge side so it can process greater material volume.

TUNNEL GEOMETRY - An advanced cutting chamber is formed by setting the blades back four inches from the front of the deck for less clumping and even grass dispersion.

CBT SYSTEM - Our exclusive Constant Belt Tension System (CBT) ensures belt tension is maintained, keeping the blade tip speed and cutting results consistent.

Specifications subject to change without notice. Images for illustrative purposes only.

MEET THE NEW EMPLOYEE OF THE MONTH FOR THE FORESEEABLE FUTURE.

When you add a Pro-Turn 600 to your crew, it's kind of like adding another employee. It cuts faster and more efficiently, handling more work in less time. Its Operator Pod System was designed to keep you mowing comfortably sunrise to sunset, cutting back on driver fatigue. Best of all, it will impress both your clients and any potential crew members because they'll see you only use the best.

X-FACTOR® 3 DECK - The deck has been completely redesigned for better grass dispersion. Its new look is constructed from 7-gauge steel to deliver years of solid performance.

LARGE-DIAMETER TIRES - Both the front and rear tyres provide a smoother ride and more traction in varying conditions.

OPERATOR POD SYSTEM - There's nothing like it in the industry. It separates the operator from the bouncing and jostling the mower encounters, even on the roughest terrain. You'll feel like you're floating but you'll still be in total control.

Specifications subject to change without notice. Images for illustrative purposes only.

WHAT'S ALL THE BUZZ ABOUT?

Power. Quiet, high performance power. All day long.

That's been the goal of developing an electric riding lawn mower, and we're proud to say we've achieved that goal. Besides not having a noisy combustible engine, you also don't have a lot of the routine maintenance that comes with electric mowers. You can say goodbye to pulleys and belts, oil changes, and vibration while driving. You can say hello to the first electric mower capable of performing at a commercial workload.

POWERED BY
FUSIONCORE

It's the most forward-thinking battery system available, delivering the juice needed to keep you mowing the distance. These batteries are crammed with power, 4 kWh lithium-ion kind of power. That means combined, you have 16 kWh of total energy. This is battery power you can rely on for all-day performance.

PRO TURN EV

3 YEAR BATTERY WARRANTY

IT HAS QUIETLY SILENCED ANY DOUBT.

Welcome to superior battery technology from FusionCore. The EV's four swappable batteries deliver the all-day, reliable high-performance power you need in a commercial mower. No pullies, belts, engine oil changes, or driving vibrations. They've been replaced with the quiet hum of success.

X3 CONSTANT DRIVE SPINDLES - Our proprietary spindles have a blade slip feature that prevents damage in the event of an impact. They also have a bottom bearing for easy serviceability and routine maintenance which avoids the need to replace the entire spindle.

NEXT-GEN WHEEL DRIVES - Transaxles are driven with a brushless electric-drive motor coupled with a dual-reduction planetary gearbox.

LCD DISPLAY - High-tech display screen keeps the operator in the know with information on battery charge, blade engagement, and alerts if an issue needs to be addressed.

X-FACTOR® 3 DECK - The deck has been completely redesigned for better grass dispersion. Its new look is constructed from 7-gauge steel to deliver years of solid performance.

PRO STANCE

60" Deck Shown.

STEP UP TO GREATNESS.

The perfect blend of power and performance for environments that demand quick on-and-off versatility. The deck adjusts easily, and the suspension platform absorbs vibration for all-day comfort.

DECK HEIGHT ADJUSTMENT - The dual height-adjustment system was designed with both a traditional hand lever and a foot lever to lift and adjust the deck. It's perfect for smaller operators who may struggle with traditional hand lever lifts.

TRANSMISSION - The ZT-3400 integrated transmission boasts an industry-leading 1.125-inch axle for heavy loads (32" and 36" model uses ZT-3100).

X-FACTOR® 3 DECK - The deck has been completely redesigned for better grass dispersion. Its new look is constructed from 7-gauge steel to deliver years of solid performance.

These additional tools and accessories have been meticulously engineered and come straight from the factory to fit seamlessly with your machine. They can help shave time off your schedule or help lighten the load. Looks like you can improve on perfection.

MULCH KIT

Separate cutting chambers for each blade produce smaller clippings for a professionally manicured appearance.

LIGHT KIT

Light up the way with the LED headlight kit. Allowing you to keep on cutting long after others call it a day.

BEACON LIGHT KIT

Ideal for municipal jobs and high traffic areas, the increased visibility of the ROPS mounted beacon light kit puts the safety of you and your unit first.

FOLDING ROPS KIT

Add an extra level of safety to your Gravely unit by adding a foldable ROPS kit to your unit.
Note: not available for all units.

3-BIN BAGGER

No mess, no problems. With a range of grass collection bags to suit certain models throughout the range. This will make the clean up job easy.

SUNSHADE KIT

Stay sun safe and cool with our hard-top sunshade. This kit features a strong steel bracket system and a UV-resistant canopy that folds easily for transport and storage.

CASTER SUSPENSION FORK KIT

Smooth the ride on bumpy terrain with the OEM suspension forks. They're specially designed to deliver more comfort and control when your mower is on the job.

HITCH KIT

Add a hitch kit to enjoy unmatched versatility with a variety of tow-behind options.

SEMI-PNEUMATIC TYRES

Keep rolling on with the job, literally! Our semi-pneumatic caster wheels are constructed with a thick, puncture resistant rubber to cushion bumps and protect your unit.

ZERO-TURN COVER

Protect your pride and joy from all the elements Australia can throw your way with the durable Gravely zero turn cover.

FUSIONCORE OFF BOARD PORTABLE CHARGER

Charge your extra Gravely Pro-Turn EV batteries off-vehicle ensuring you've got the power to perform wherever the job takes you.

SINGLE REPLACEMENT BATTERY

Turn downtime into go-time with the Gravely FusionCore, QuickSwap replacement batteries for your Pro-Turn EV.

**38 MONTHS
INTEREST FREE***

POWERED BY
hum90

**RIDE AWAY
TODAY!**

*Approved applicants only. Fees, terms, conditions & minimum finance amount \$1,200 apply, incl. \$99 Annual Fee charged at the time the first debit is charged to your hum90 Mastercard Account and annually on the anniversary of that date. When you have met the Interest Free Criteria, the Annual Fee must be paid in full within the Interest Free Period or it will attract interest. If you do not meet the Interest Free Criteria the Annual Fee will attract interest from the date the Annual Fee is debited to your hum90 Mastercard Account. Up to 110 days Interest Free on hum90 Mastercard purchases (excluding cash advances) when you meet the Interest Free Criteria. Failure to make the required payments will result in you no longer meeting the Interest Free Criteria meaning that all new transactions from that day will be interest bearing from the date of the transaction. Any outstanding balance after the Interest Free Period reverts to the hum90 Mastercard Purchase Rate. Minimum monthly repayment required. Interest (charged at the Expired Promotional Rate 25.99%) payable on outstanding balances after any Interest Free Period in relation to a Promotional Offer. See [//hum90.com/au](https://hum90.com/au) for current interest rates. Only available at hum90 Mastercard retail partners. Credit provided by humm Cards Pty Ltd ABN 31 099 651 877 Australian Credit Licence number 247415. Offer is available from 1 September 2022 to 31 December 2022 or while stocks last, ask in store for details.
