**AB Vascular Ultrasound is an ultrasound practice specialising in non-invasive imaging of the vascular system.**

**AB Vascular Ultrasound** is a specialist vascular ultrasound provider. The strength of our service is the close working relationship between our sonographers and surgeons – **Dr's Nicole Organ, Mathew Sebastian and Alan Bray**. We provide a comprehensive vascular service including examinations of upper and lower limb arteries and veins, carotid and renal arteries, DVT and venous reflux (varicose vein) assessment.

We are located at Gateshead, Toronto and East Maitland. Most examinations are **bulk billed** and reports offer a clinical summary by one of our surgeons. All sites have free on-site parking and wheelchair access. For further information and ultrasound bookings please call **1300 664 227**.
