

# 0011K1SC

LOCKWOOD AUTO D/LATCH 001-1K1 NEW SP

## Description

The Lockwood 001 would have to be regarded as the benchmark of automatic deadlatches on the market today. Strength, durability, attractive design and high quality construction have combined to make the 001 an ideal lock for all domestic and many commercial applications. This double cylinder deadlatch is suitable for open-in timber frame doors. For dimensions see FAQs
