

SHADERUNNER™ RETRACTABLE SAIL SYSTEM

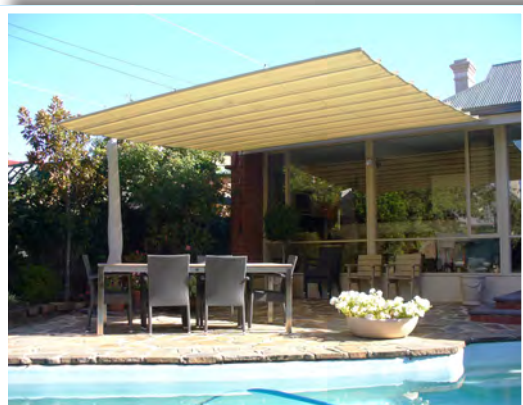

The outdoor setting is a perfect place for entertainment and relaxation, but without effective shading these areas become uncomfortable through radiant heat, glare and harmful UV rays. Enhance the experience and aesthetic atmosphere of your entertaining areas with a Shadeform Shaderunner™.

The Shaderunner™ gives you the power to manipulate the climate within your entertaining areas. This unique retractable sail shade system allows you to manually control the degree of shade you require at any one time, and neatly folds away to allow maximum sunlight as desired.

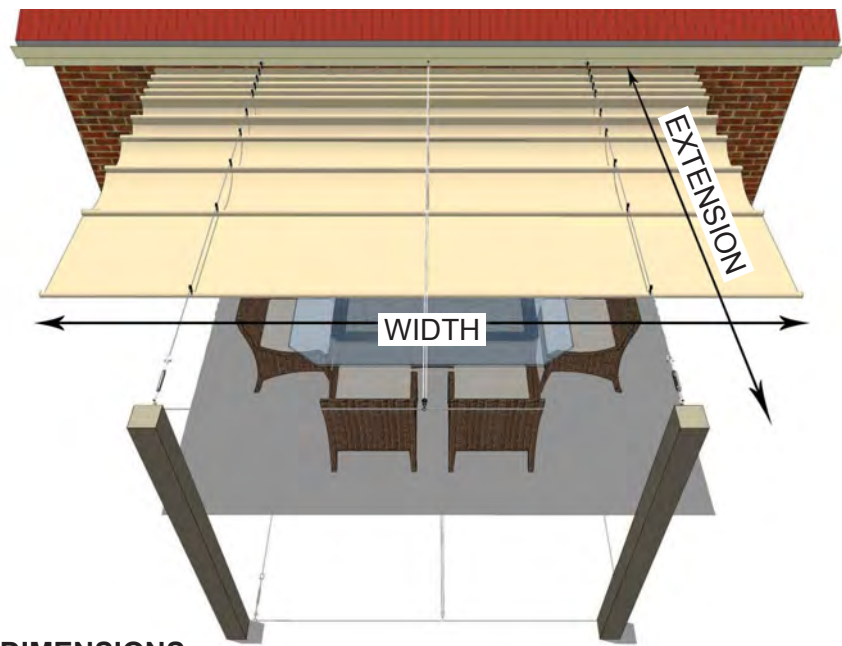

Using the best marine grade stainless steel fittings and fixings, the Shaderunner™ will withstand the test of time. With the ability to fix to existing pergola structures, onto houses and between posts, the Shaderunner™ is a perfect addition to a wide range of applications.

The quality and vast experience of our design and installation team enables Shadeform to tailor a solution for your unique location and provide you with the ultimate in climate control.

SHADERUNNER™

DIMENSIONS

Maximum Width	6.5 metres
Maximum Extension	Limited only by site conditions and structural design

FABRIC

90% or 95% Polyester Mesh Fabric - The fabric reduces up to 95% of the sun's harmful UV rays, controls reflected glare and is mildew and fire resistant. The fabric comes with a 5 year manufacture's guarantee. The fabric is fully weldable on seams and the warranty extends to the fabric whilst under tension. Internal Shaderunner™ applications may be manufactured with Acrylic Canvas Fabric.

COMPONENTS

For superior corrosion resistance the Shaderunner™ is constructed with aluminium tubing and the finest quality Ronstan marine grade stainless steel ball bearing pulleys and wire systems.

INSTALLATION METHODS

Shaderunner™ Installation	Details
Wall Mounted	✓ Stainless steel brackets or powdercoated steel angle
Fascia Mounted	✓ Rafter brackets with stainless steel eye bolts
Pergola (below frame)	✓ Stainless steel brackets.
Pergola (within frame)	✓ Stainless steel brackets, eyebolts or terminals
Free Standing Posts	✓ Galvanised and powdercoated steel posts

OPERATION

The ability to retract the Shaderunner™ gives you the power to control when and how much shade is required.

Manual	continuous loop operation cord to horn cleat
Motorized	wireless remote controlled FAAC motor to continuous loop cord

WARRANTY

Shadeform offer a 3 year warranty on the manufacture and installation of all products. Polyester Mesh fabrics have a 5 year warranty against UV breakdown and for fabric under tension. Approximate lifespan is 10 years.
