

Testimonials

"Kent was easy to deal with. He was punctual and turned up exactly when he said he would. He was very thorough with the job"

Dave, Morwell

"Kent did a good job, he did what we asked of him and I am happy with his building inspection"

Trevor, Inverloch

"From the very first meeting we definitely noticed that Kent was like no other, I had a really good feeling from the start when he inspected our property at pre-purchase. We wanted to express our sincere thanks & gratitude and cannot thank you enough, we highly recommend Kent Andersen"

Renata & Roy, Bass Coast

"Kent has done both a Pre-Handover Inspection and, on a different property, a Building Inspection for us. The Pre-Handover Inspection was a comprehensive report that listed significant defects through to relatively minor issues, we took this to our builder and each issue was dealt with prior to taking possession of the house. The Building inspection report was equally as detailed and it was definitely a very valuable tool in the selling of the house. It is with great pleasure and confidence that we highly recommend Kent Andersen from Look Sharp Inspection, his professionalism and eye for detail are second to none"

Sid & Corinne Garland, Cranbourne

"Thank-you Kent for undertaking our multiple building inspection when we requested your service. Your business was reliable, punctual, professional and thorough. You made us feel confident in purchasing our new home. We highly recommend your service and will be using you again in the future."

Kate and Paul, Upper Beaconsfield

"My husband & I recently purchased an investment property on Phillip Island and due to its age we required a building inspection.

The agent highly recommended Kent Andersen of Look Sharp Inspections.

We engaged Kent Andersen and we were very impressed with his thorough report of the property identifying potential & current issues which assisted us in negotiating a purchase of the subject property.

Kent was so highly regarded during this process, the Vendor used his services to inspect repairs which the Vendor carried out prior to settlement which was a requirement of the sale.

We have continued to use Kent for repairs on the investment property and we are always extremely pleased with their efficiency and workmanship.

We highly recommend Look Sharp Inspections."

Siobhan & Trevor (Investors), Cowes
