Doors for Life...

Door design: Byron ~ Colour: Dulux White on White Gloss - Evic Iron Bark Metallic Gloss

The finest kitchen deserves the finest doors making Eurocoat painted doors the obvious choice.

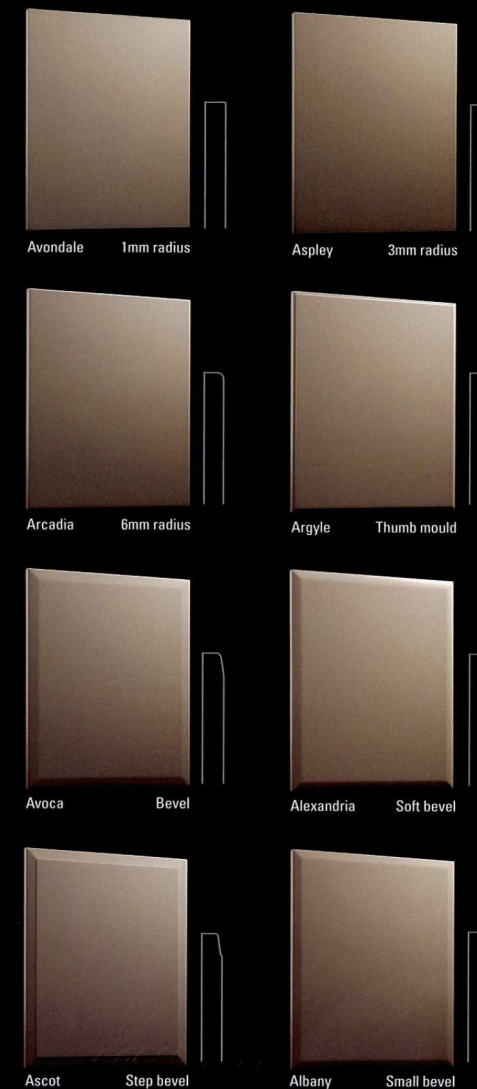

Our vast range of polyurethane doors will bring your kitchen to life, Eurocoat is sure to have a door profile to suit your lifestyle and the colour choice is only limited by your imagination.

The versatility of polyurethane will allow you to create a unique kitchen or bathroom. Whether it be rolling curves, bold boxes or intricate mouldings Eurocoat will help to realise your dream kitchen. Custom made joinery products can be finished to match your doors making your kitchen a functional piece of furniture tailored to your home.

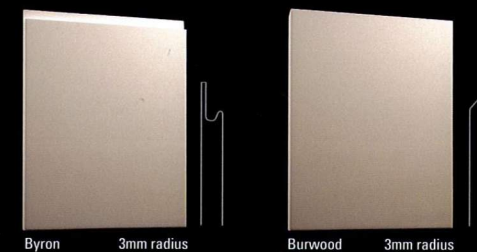

The timeless lines of our flat profiled doors will be as modern today as they will be tomorrow and will suit almost any décor within your environment.

Eurocoat's exclusive recessed handle doors are an example of polyurethane's versatility and are the ultimate way of expressing sharp clean lines in your new kitchen without the clutter of door handles.

Eurocoat offers a range of face profiled doors from simple round corners to intricate rebated designs. Your kitchen's personality will shine through with any of our stunning profiles whether it be the classic country-style look or a traditional raised centre panel door, Eurocoat has a style to suit all tastes.

Our doors are manufactured from moisture resistant MDF and are coated with a durable 2-pack polyurethane finish. Polyurethane is hard-wearing and unaffected by changes in temperature and steam normally found in kitchens and bathrooms.

Eurocoat offer a choice of gloss, satin or texture paint finishes available in any colour.

When selecting a colour you can refer to any of the leading interior paint brands or simply choose one of the several hundred laminate colours available and we will colour match it for you.

Eurocoat doors are genuinely doors for life.
