

What to do if your vehicle is towed?

If your vehicle has been towed you must contact the Towing Compound to arrange collection.

Address	57 John Street Northbridge <i>(rear entrance from John Street)</i>	
Phone Number	138 138	
Opening Hours	Monday to Wednesday 7am - 7pm Thursday to Friday 7am to 8pm Saturdays 7:00 am - 12:00 pm (closed public holidays)	

There are a number of public transport options available. Please visit the [Transperth Journey Planner](#) website for further information.

Download the  [Towing in Perth Information sheet](#) for more detail on what to do if your vehicle is towed.

Towing fees and charges

To retrieve your vehicle, you will be required to pay the towing cost recovery fee. This fee can vary from \$368.50 to upwards of \$400 and covers the cost of towing and administration costs. Please note however, that no additional revenue is generated by the towing service.

A City of Perth infringement notice may also be issued to all vehicles towed within the CBD, please visit the [City of Perth website](#) for further information.

It is important to note that the City of Perth can still issue fines for vehicles illegally parked in restricted areas and if a fine has been issued, this does not make the vehicle exempt from being towed. When you collect your vehicle from the Clearway Management Compound, you may find your vehicle has also been fined.
