The kitchenwell I LOVE it!!! It has come up better than I ever imagined it would!! It looks so much bigger, even though it has more cupboards in it. I would recommend you guys to anyone, you and all who work for you are very professional and the kitchen was put in so fast I was amazed!!

I will take some photos and email them to you. I have before ones too. so you can see how it looked with the old crappy kitchen in LOL.

Thanks heaps!!
