

# No More Nasties!

After 25 years of working in gardens across WA, we've seen firsthand the impact nasty pests, bugs and some weeds can have on our outdoor living spaces.

So we've teamed-up with leading Western Australian herbicide and pesticide technicians, Envirapest to deliver a range of cost effective, targeted treatments that will rid your garden of the nasties. Together, we'll keep your outdoor spaces not only looking good, but safe for you, your family and pets.

Our services  
start from

**\$195**

## Services

We offer five highly targeted spraying services, including:

- **Lawns** (*safely removes almost every type of broadleaf weed including bindii, clover capeweed, dandelion and oxalis to name a few*)
- **Paving** (*using a penetrate and commercial grade glyphosate to kill weeds from pavers and concrete surfaces*)
- **Couch** (*a cost effective slow weed killer aimed specifically at couch grass that won't kill your plants*)
- **Pest** (*keeping your home safe with the removal of spiders, cockroaches, ants and more from all outdoor spaces*)
- **Scale** (*intense treatment for your citrus or hedging plants*)

## Choices

It's important to note significant research and assessment was done before joining forces with Envirapest. We have, and always will, nurture and care for your garden like it's our own. That's why the services we offer deliver a high quality end result but with consideration to the environment, your family, pets and gardens.

- *We choose the most desirable herbicide and pesticide that achieves the best result with the minimum risk to the environment*
- *We offer a four month guarantee on all services*
- *All Envirapest technicians are fully insured, licensed and highly trained*
- *Our number one priority is the safety and health of your family, pets and gardens*
- *Our chemicals are low toxic and have very little, if any, environmental impact*
- *We only use the safest and highest quality products on the market*
