~~PREMIER~~ ~~AUTOMOTIVE~~ ~~NORTH~~ ~~WEST~~ ~~COAST~~ ~~MECHANICS~~

Beacon Hill Mechanics and Supreme Auto Electrical and Air Conditioning have been combined to become Premier Automotive.

BEACON HILL
MECHANICS

SUPREME AUTO
ELECTRICAL

~~OUR~~ ~~TEAM~~

The expert team at Premier Automotive has more than 100 years combined experience in the automotive repair and service industry.

Proprietor Jeff Smit has more than 30 years experience as a qualified auto electrician and mechanic.

Workshop manager Romeo Nati has more than 28 years experience as a qualified auto electrician and air conditioning technician.

Technicians Eric Wilson and Jack Manoukian are fully qualified technicians who attend regular training to keep up to date on the latest systems and technologies.

For your peace of mind Premier Automotive is aligned with and recognised by many industry associations:

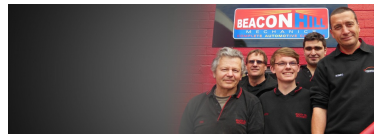

IAME – Institute of Automotive Engineers

- ✓ MTA – Motor Traders Association
- ✓ TaT – The Automotive Technician
- ✓ VASA – Automotive Air conditioning, Electrical and Cooling Technicians of Australasia

Premier Automotive's complete car services include:

- ✓ Auto electrical and electronic diagnostics and repairs
- ✓ Car air conditioning service and repairs
- ✓ Mechanical safety inspections
- ✓ Vehicle log book servicing
- ✓ Engine tuning
- ✓ Mechanical servicing and repairs
- ✓ Lube services
- ✓ Injection system testing and injector cleaning

From front bumper to rear bumper Premier Automotive has you covered with the experience and industry backing to keep you on the road in a smooth running and fuel-efficient vehicle.

Look under the bonnet of any modern car and you will see how technology is being used to improve performance while putting less stress on the environment through reduced fuel consumption and exhaust pollution.

Today's vehicles demand that only experts with approved knowledge and skills are able to service and repair this level of sophisticated automotive technology. All the technicians at Premier Automotive are highly skilled and maintain their edge by attending as many training events as possible.

This combination of know-how, quality parts and components are the necessary ingredients to keep your vehicle performing to its optimum level and environmentally responsible.
