

# Save from day one of installing solar

**\$0**  
**UPFRONT**

## GO SOLAR FROM JUST \$20 PER WEEK

Our customers enjoy:  
12 years workmanship warranty  
25 years performance warranty  
Face-to-face customer service  
Local support

## MAXIMISE YOUR SAVINGS ...

Solar + storage makes sense  
You could save up to 80%\*  
on your current energy bill

\*Estimated savings based on an average Australian household energy bill

**no** deposit  
interest  
**ever.**

# Our aim is a \$0 energy bill for ALL Australian families

## ARE YOU PAYING TOO MUCH FOR YOUR ELECTRICITY?

As one of the cheapest forms of energy production in the world, our solar and battery systems could bring your household electricity bill **down to \$0\***.

Store your own energy  
and use it at night

## HERE'S HOW YOU CAN SAVE

- **Save your energy** with battery storage - don't give it away for 5 or 6 cents per kW to energy companies
- **Use Government rebates** while they are still available
- **Refer a friend** or family member and we'll send you a \$300 or \$500\* Coles / Myer Voucher for each individual who buys a system from us - you don't even have to buy one yourself!

\*Voucher value is determined by the size of the system purchased

**COMPLETE SOLUTIONS** OR DESIGN YOUR OWN

## Trust in the latest solar and battery technology

Our solar systems are:

- Tier 1, top of the range solar panels, inverters and batteries
- Suitable for residential and commercial applications
- One of the safest and most affordable in Australia
- Quoted within 24 hours & installed 10 - 24 days after your quote is accepted
- Cleaned and serviced for FREE in the first year (panels only)
