As one of Australia's leading specialists in men's and women's suiting, the Bongardi name has been synonymous with tailored clothing since 1992. Recent changes to our larger sizes have now given our women's range a more generous and relaxed fit. This will now suit those customers who demand more comfortable styling without compromising the look of the garment. Always priced to be competitive and with good stock support, this range now ticks all the boxes when it comes to corporate clothing.

CORPORATE COMFORT FIT

It's an old fabric being rediscovered by some of the world's leading designers!

Now Bongardi is bringing it to their Corporate Clothing Range. A more relaxed fit with greater comfort stretch "Ponte" is known for its durability, easy wear and machine washable properties. Constructed with an interlocking weave for strength and composed of polyester nylon and elastin yarn, this is an ideal fabric suitable for the wearer who wants to look smart but demands a garment that is comfortable to wear and easy to care.

The high waist band and fully functional zip offers a stylish more tailored look whilst allowing for an easy fit for the larger size range. The cuff splits add a further design feature whilst giving a tailored finish whether wearing shoes or heels.

Only available in 3 colours at present we know this will become an item that will satisfy the demand for a more user friendly garment in the larger sizes range.

CORPORATE COMFORT MATERNITY

Bongardi as a supplier of corporate clothing has recognized that there is a need within the market for a maternity pant. A pant suitable for women who need to maintain a professional image whilst having a desire to feel comfortable. This garment has been designed to satisfy this need as they progress through the different stages of pregnancy.

SIZING INFORMATION

- ▶ Please use the size chart to find the best size for you.
- ▶ If your measurements fall between sizes, please order the next size up.
- ▶ For best results, take measurements over your undergarments.
- ▶ Garment waist measurement will vary depending on where it is worn on the hip.

BUST

1

Lift your arms up your sides and measure around your body, crossing over the fullest part of your chest.

WAIST

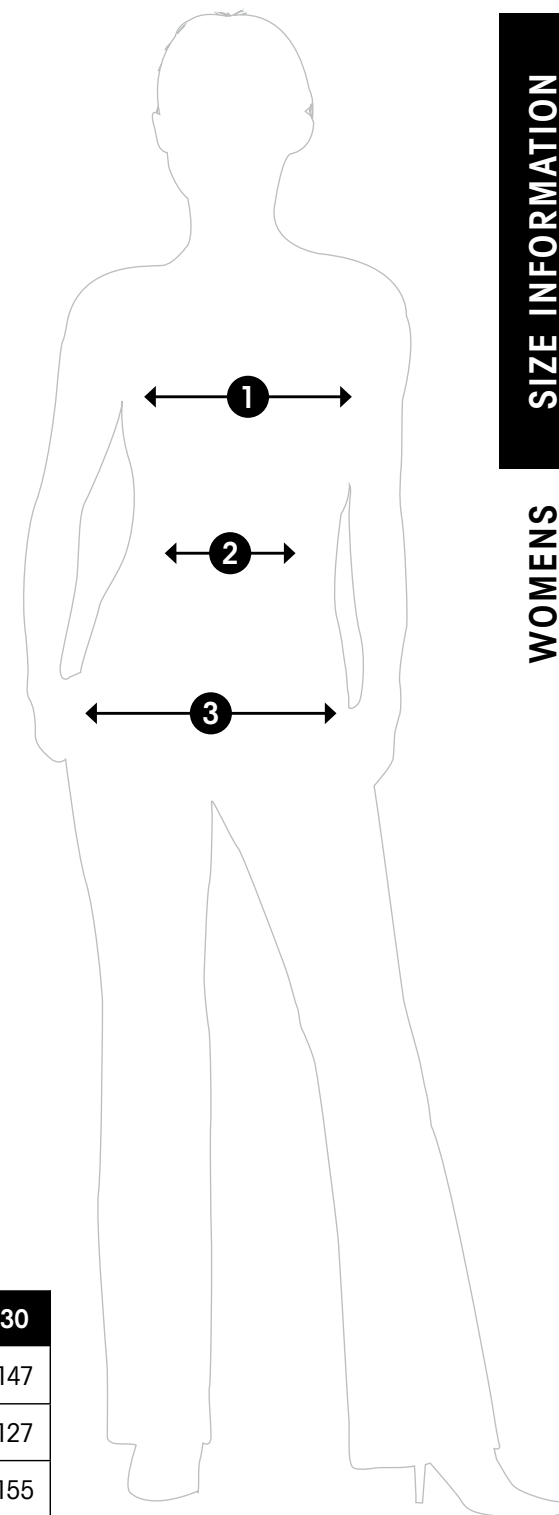

2

Measure around your waistline at the level where you normally wear your pants. Keep a finger between your body and the measuring tape for an accurate fit.

HIPS

3

Stand with your heels together and measure around the fullest part of your hips. Measure approx 20mm from top of waist.

SIZING INFORMATION

- ▶ When measuring a man for a jacket place the tape around the chest as close to the under arms as possible, as shown in position **A**.
- ▶ When measuring a man for trousers place tape around waist on top of hip bones, as shown in position **B**. Hold tape firmly to achieve correct measurement.
- ▶ Trouser length is given as an "Inside leg measurement" **C**. Measure directly under crotch to 2cm above the shoe heel.
- ▶ If measuring for a suit the two measurements should be approximately 12cm difference in the waist and jacket measurements.

ALL ROUNDER 892

- Gentle Machine Washable, low spin, wash colours separately. Do not use bleach or detergent containing perborate. Warm iron only, dry cleanable. Not to be washed with towels or brushed fabrics.
- Jackets to be dry cleaned only

This is a 77% Polyester and 33% Viscose constructed garment. The Viscose offers a similar handle and properties of cotton such as absorbency, comfort and colour fastness without the shrinkage or creasing common with cotton garments. It is also a price pointed option for corporate customers. The garments are available in women's flexi waist and slimline pants as well as skirts and jackets in black and navy only. It also has a men's matching flat front flexi waist trouser in the same colours.

892 BLACK

892 NAVY

EASYCARE STRETCH 882

- Gentle machine wash, wash colours separately, do not bleach or use detergents containing perborate. Do not tumble dry.
- Jackets to be dry cleaned only.

This 100% polyester mechanical stretch range is the largest in the Bongardi collection. The easy wash and wear properties are a big plus for those accounts looking for a garment that will wear well and yet maintains the professional look of more expensive garments. The range includes jackets, pants, skirts and vests for women in colours of black, navy and a charcoal pin stripe.

882 BLACK

882 NAVY

882 CHAR STRIPE

PREMIUM WOOL STRETCH 889

- Jackets to be Dry Clean only @ 60°C.
- All other garments Gentle Machine Wash
- Wash dark colours separately, do not bleach
- Do not use detergents containing Perborate
- Do not use high temperature iron or pressing settings as this may damage the lycra fibre.
- Warm Iron only
- Do not Tumble dry.

This is the premium 35% wool 62% polyester 3% elastane stretch garments. The wool content offers a more breathable and hard wearing garment that suits a more professional work environment. Available in a women's range of jackets, skirts, pants and vests in black, navy and charcoal. The equivalent men's range is also available in jackets and trousers that include regular, long and short fittings in some styles.
