EMERGENCY SERVICES - 24 HOURS 7 DAYS

Solomons Electrics offer a complete Emergency Electrician service in Perth for fault finding & power tripping, storm repairs, impact damage, fire damage, RCD's and smoke detectors. We also offer services such as power points, light switches, TV points, ceiling fans, exhaust fans, security lights, batten holders, downlights and light fittings. We also run circuits for ovens, hotplates, air conditioners & spas.

REWIRING

Solomons Electrics, your professional electrical company in Perth, can help with complete home rewiring. This can be a major job if the wiring in your house is old or inadequate. The consumer mains are replaced, wiring to all electrical equipment is removed & replaced including power points & light switches. Smoke detectors are installed & the switchboard is upgraded to circuit breakers & safety switches. We are experts in rewiring, and only use the best materials to ensure the safety of your home. If it's rewiring you need, Solomons Electrics can do it.

SAFETY - RCD SWITCHES

An RCD is a device that immediately switches off the electricity when it detects leakage or flow of electricity to earth (or other fault path) ie. through a human body, for instance. This happens within a few milli-seconds, much before electrocution can cause death. RCDs also prevent fire from faulty appliances by detecting electricity flowing to earth in electrical wiring and accessories.

Our electricians know about electrical safety and are qualified electrical contractors in Perth. We are trained to know the safest way to carry out electrical work as well as the safety aspect, it is important to have all electrical work carried out by a licensed electrician for legal and insurance reasons. Call Solomons Electrics today to make your home safe with a safety switch today.

ON SITE SERVICE

Solomons Electrics will send a qualified electrician out to your home or site, in a timely manner. When we organise to be at your home or business, we promise to call before we arrive to give you a estimated time of arrival. Depending on your problem, we can either

complete the job straight away if it is a small task or have power to your business or home in an emergency situation. Call our Perth office for a qualified electrician today to get fast professional response.
