Service and Experience You Can Trust

Bluesky Healthcare's strength is our staff. No matter your requirements, our friendly and caring healthcare consultants have the experience and knowledge to help design the right product for your comfort and health needs based on our unique 10-point healthcare assessment.

Our trained consultants take the time to talk with you to assess your needs and find out exactly how a Bluesky Mobility product can offer you the maximum health benefit. Our fully equipped mobile showrooms can bring any of our products to your home for a relaxed and obligation-free consultation, demonstration and trial - at no charge

Servicing and Warranty

Bluesky Healthcare offers a comprehensive 5 year warranty across our complete range of scooters and powerchairs. The performance of an annual service and maintenance check of your scooter or powerchair by one of our trained technicians is not compulsory, but it is strongly recommended to ensure the long term reliability and safety of your product.
