

MINI CRANES

Ideal for work in a confined space, where head height is limited or where a lightweight crane is required on a suspended slab, Preston Hire's mini crane hire fleet offers quality Maeda small cranes that are big on performance.

With lifting capacities ranging from 1.7t to 6t and widths from a mere 590mm to just 1600mm these compact heavy lifters can access areas previously inaccessible to standard cranes. They are the ideal crane hire solution for domestic and commercial construction and a wide range of specialist lifting applications.
