PRODUCT FEATURES INCLUDE:

Excellent coating durability

15 year warranty*

Resists colour fading & discolouration for longer*

Superior UV resistance

Protects against dirt & atmospheric pollutants

Suitable for collection of drinking water

ROOF MEMBRANE

Dulux Acratex Roof Membrane has been improved with HueTech® technology to offer superior UV and excellent colour fade resistance, allowing the colour to last up to 2 x as long*. With improved application and colour benefits, the full range is suitable for collection of drinking water and now available with a 15 year warranty.* Range available in popular *Dulux* and *Colorbond®* colours.

ROOF POINTING

Dulux Acratex now has a full roof system. *Dulux Acratex* Roof Pointing is a water based, flexible, ready to use pointing mortar.

Available in 19 colours to suit both new and renovated roofs.

LEADING TECHNOLOGY

Dulux Acratex Roof Membrane is based on HueTech technology which is a full acrylic elastomeric technology that provides coatings the flexibility and resistance to withstand the harsh Australian Sun. Coatings are weather tight and designed to provide excellent UV and colour durability.

Under the harsh Australian Sun, using the new *Dulux Acratex* Roof Membrane, the colour stays truer for longer.*

Faded colour after years of sun exposure.
